COVID RECOVERY GRANT FOR SMALLER TOWN CENTRES GUIDANCE NOTE

Purpose of the Fund

Welsh Government has recently approved a re-purposing of elements of the Transforming Towns 2020/21 budget to allow some flexibility in adapting to the comprehensive social distancing measures required in town centres as a result of the COVID-19 pandemic. This will support businesses and contribute to providing a high street environment where people feel safe to return to. In addition to this the Valleys Taskforce has made funding available specifically to support smaller town centres within the Valleys Taskforce boundary, with the recovery of Covid-19.

The funding is to be used for interventions which will facilitate social distancing and a lower density of occupation in places where customers and members of the public will meet, wait, be served food or drink or rest
