LEA Governor Appointments (Vice-Chair)
Development Control

Democratic Services Committee

Section 2: Constituency Activity

I work closely with my Ward colleague to represent the needs and interest of the community. I continually liaise with Council Departments and Officers on behalf of residents in respect of various issues in order to support residents, resolve issues and put forward and drive proposals to improve the community.

I liaise regularly with Police regarding issues affecting the local community and work with a wide variety of community groups to help them achieve their objectives.

Section 3: Initiatives and Special Activities

I work closely with Council Officers and my Ward colleague regarding the regeneration of our Ward.

Proposals for flats were purported for the Queen Square Area but we had concerns over the flats, we therefore met with Council Officers to discuss and put together a local lettings policy in line with Government legislation.

I am still pursuing resident parking bays for the ward along with traffic safety measures as the residents of the ward need both these items, in different areas.

In the ward we have a large number of properties with RCT Homes. I have received many complaints and concerns which I have conveyed at various meetings with Board Members of RCT Homes.

I have found in the past year that anti-social behaviour is on the increase so I am regularly seeking help from the Council's Anti-Social Team and the Police who are best positioned to help residents.

Section 4: Learning & Development

I will always attend any training that the Council will provide me with to assist me in my role as a Councillor as I feel it is a must in assisting Members to carry out their role and duties appropriately.

Section 5: Other Activities and Issues
