CHILDREN'S SERVICES**

**Presentation of Findings of the
Youth Engagement and Participation
Service's 'Your Voice' Survey**

**Author: Jessica Allen, Children and Young People's Service Manager
Tel 01443 281436**

1. PURPOSE OF THE REPORT

- 1.1 The purpose of the report is to provide Members with the findings of the Your Voice survey and to provide them with an update on the way in which the information is being used for positive service change.

2. RECOMMENDATIONS

It is recommended that Members:

- 2.1 Scrutinise and comment on the information contained within this report and offer considerations for the action plan to make the necessary service improvements/developments.
- 2.2 Consider whether they wish to scrutinise in greater depth any matters contained in the report.

3. REASONS FOR RECOMMENDATIONS

- 3.1 The Youth Engagement and Participation Service is presenting this report to Committee Members to raise their awareness of the provision that young people like and wish to see replicated, and what young people feel are the gaps in provision that could be considered moving forward.

- 3.2 The aim of this report is to give Members to contribute to the action plan to realise these service changes.

4. BACKGROUND

- 4.1 On 2nd November 2018, the Youth Engagement and Participation Service (YEPS) launched its 'Your Voice' consultation to capture the views of young people aged 11 – 25 years on the matters that impact their lives. Young people were given the opportunity to complete a series of interactive questions based on a range of thematic areas using an online survey platform.
- 4.2 Almost 5,000 young people completed the survey in schools, colleges, youth clubs and other community settings, representing the diversity of young people living, being educated or working in Rhondda Cynon Taf.
- 4.3 The aim of the findings report is to outline the results of the consultation and will be used to improve future service improvements across Rhondda Cynon Taf, both for the local authority service areas and partner organisations that deliver services for young people in the area.
- 4.4 The format of the report is based on the thematic areas that were used to formulate the survey, including comparative data to the 2015 Viewpoint survey. However, please note that this comparative data is not available for all questions as the survey has evolved.
- 4.5 In addition, sub-reports are available specifically for 16+ respondents, individual community reports, and secondary school-specific reports.

5. FINDINGS

- 5.1 A full report of the survey findings is attached in **Appendix 1**.
- 5.2 A presentation on the key findings will be given at the Committee meeting.

6. NEXT STEPS

- 6.1 The YEP Service are committed to feeding back the results of the survey to young people in a meaningful way. The results themselves highlighted that young people like to receive information in an interactive way, the findings will be presented in a variety of ways include short videos that can be found on Wicid.tv. In addition, QR codes will be placed in the venues that young people undertook the

survey (schools, colleges, youth clubs, community settings etc.) for them to scan using a smart phone and be instantly directed to the feedback videos.

- 6.2 The findings have been shared with the local authority's Senior Leadership Team, who are fully committed to developing services to meet the needs identified by the respondents.
- 6.3 This commitment has led to the implementation of a multi-agency working group consisting of officers from the across the local authority and representatives from partner organisations. The remit of this group is to review the findings and develop a collaborative action plan to meet the key priorities arising from the responses. This group will meet regularly to identify the work that needs to be undertaken to address the issues raised in the survey, and provide regular update to partners to evidence improvements in services and work together to achieve outcomes, where appropriate.
- 6.4 It should be noted that whilst the group will be chaired by representatives of the YEP Service, that not all actions will be the responsibility of the YEP Service and therefore, partnership working will be pivotal to delivering on these actions, effectively and timely.
- 6.5 Regular feedback on the progress against the action plan will be provided to senior managers both within the local authority and in partner organisations, highlighting achievements made, any barriers encountered that need to be overcome and subsequent developments that need to be considered as a result of fulfilling the action plan.
- 6.6 Service changes and implementation of new/additional provision will be showcased to young people, with reference made to their existence being as a result of the survey they undertook. The findings showed that young people do not always feel listened to and by highlighting the link between developments and the survey will evidence the impact of their contribution to the process.

7. EQUALITY AND DIVERSITY IMPLICATIONS

- 7.1 Young people with additional learning needs were supported to complete the survey, where required, to ensure all views were captured.
- 7.2 The survey was available for completion outside of school settings to ensure the views of the full age range (11 – 25 years) of young people could be captured and reported.

- 7.3 This report, its findings and the subsequent actions are fully inclusive of all young people from across Rhondda Cynon Taf. Service developments arising from this report will have positive outcomes for all young people.

8. CONSULTATION / INVOLVEMENT

- 8.1 The full report is based on consultation of young people, and their involvement in service improvement both internally and externally to the local authority.

9. FINANCIAL IMPLICATION(S)

- 9.1 Whilst the survey itself does not have financial implications, they may be financial implications to deliver the action plan that results from these findings.
- 9.2 As stated above, not all actions will be the responsibility of the YEP Service and therefore, there may be implications for other service areas to fund developments to meet young people's needs.
- 9.3 Where possible, the action plan will be delivered within current budgets, reassigning funding to implement these changes where they are a greater priority than other services being offered.
- 9.4 Additional funding may be required to undertaken certain actions, and this shall be sought as required by the relevant service areas/partner organisations.

10. LEGAL IMPLICATIONS OR LEGISLATION CONSIDERED

- 10.1 There are no legal implications that need to be considered concerning the survey itself or the presentation of the report.
- 10.2 Legislation upon which the survey was undertaken includes the United Nations Convention on the Rights of the Child (UNCRC), Welsh Government's Youth Work Strategy for Wales and the statutory requirement of the local authority to co-ordinate youth support services.

11. LINKS TO THE CORPORATE AND NATIONAL PRIORITIES AND THE WELL-BEING OF FUTURE GENERATIONS ACT.

- 11.1 The appropriate provision for young people aged 11 – 25 years across Rhondda Cynon Taf will make a positive contribution towards the

Council's Corporate Plan vision of *'a County Borough that has high aspirations, is confident and promotes opportunity for all'*, as it will deliver against the specific priorities of *'People - Promoting independence and positive lives for everyone and 'Place - Creating neighbourhoods where people are proud to live and work'*.

11.2 Young people are a key cohort of our community as they are the next generation of Rhondda Cynon Taf. As such, they are a priority group under The Well Being of Future Generations (Wales) Act 2015. It is felt that this report, the survey findings and the subsequent developments that are occurring as a result, will contribute to all of the seven elements that the Act is aiming to achieve:

1. A prosperous Wales;
2. A resilient Wales;
3. A more equal Wales;
4. A healthier Wales;
5. A Wales of cohesive communities;
6. A Wales of vibrant culture and Welsh language;
7. A globally responsible Wales.

12. CONCLUSION

12.1 The findings of the Your Voice survey provides an insight of how young people view the current situation within Rhondda Cynon Taf for both themselves, their peers and family members. As professionals and Corporate Parents, we have to acknowledge and take these views into account when considering improvements.

12.2 As a local authority, we have a duty to engage young people in a meaningful and ongoing dialogue, present back the collective findings and offer regular feedback on the changes that have been undertaken as result.

12.3 Further lessons will be learnt from the way in which the survey was conducted, offering an even more inclusive method for future consultations.

12.4 Participation and engagement needs to be effective and fulfilling and be able to influence both the individual's experiences and also practices of policy makers and service developers.

INTRODUCTION

On 2nd November 2018, Rhondda Cynon Taf's Youth Engagement and Participation Service (YEPS) launched its Your Voice / Eich Llais consultation to capture the views of young people aged 11-25 on the matters that impact their lives. Young people were given the opportunity to complete a series of interactive questions based on a range of thematic areas using an online survey platform. Almost 5,000 young people completed the survey in schools, colleges, youth clubs and other community settings across the county borough, representing the diversity of young people living, being educated or working in RCT.

The aim of this report is to outline the results of the consultation, which will be used to improve the way Rhondda Cynon Taf CBC and partner organisations deliver services for young people in the area.

This report outlines the findings of the consultation which are displayed in sections representing individual thematic areas. Each section also contains data obtained from the 2015 *Viewpoint* survey for comparative purposes. This data is displayed in pink within the margin of each page. Please note this data isn't available for all questions.

Alternative versions of this report are also available online at www.wicid.tv:

- 16+ Report
- Community Report
- 17x School Reports

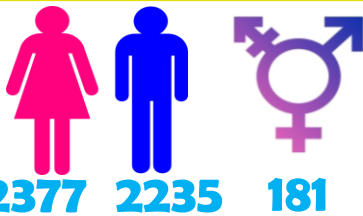

ACKNOWLEDGEMENTS

The Youth Engagement and Participation Service would like to thank the young people who took the opportunity to complete the survey and all those who supported with the delivery of the consultation.
