

RHONDDA CYNON TAF COUNTY BOROUGH COUNCIL

MUNICIPAL YEAR 2014-2015

**COMMITTEE:
COUNCIL**

25th March 2015

Item No: 9

**THE COUNCIL'S THREE
YEAR CAPITAL
PROGRAMME 2015/16 -
2017/18**

REPORT OF THE CABINET

**AUTHOR : CHRIS LEE, GROUP DIRECTOR CORPORATE AND
FRONTLINE SERVICES (01443) 424026**

1.0 PURPOSE OF REPORT

1.1 This report sets out the Council's proposed Capital Programme for 2015/16 to 2017/18, following the local government settlement for 2015/16.

2.0 RECOMMENDATIONS

It is recommended (subject to Cabinet approval on the 19th March 2015) that Members:

- 2.1 Note the detail of the final 2015/16 local government settlement for capital expenditure, reproduced at Appendix 1;
- 2.2 Agree the proposed 'core' three year programme detailed at Appendix 2;
- 2.3 Agree the three-year Capital Programme, detailed at Appendix 3.

3.0 BACKGROUND

3.1 Members will be aware that each year the Council is allocated a sum of unhyphocated "Supported" borrowing and General Capital Grant from the Welsh Government (WG). Details of the allocation for 2015/16 are shown at Appendix 1. The level of funding has decreased since 2010/11 as shown below.

Year	WG Capital Support
2010/11	£17.306M
2011/12	£13.856M
2012/13	£12.828M
2013/14	£11.328M
2014/15	£11.194M
2015/16	£11.154m

- 3.2 This amount, together with estimated Capital Receipts and the utilisation of Capital Reserves represents the Council's 'Core' capital funding.
- 3.3 WG has not provided any indication of funding levels for 2016/17 and 2017/18.

4.0 ROLLING ON THE EXISTING 'CORE' THREE YEAR PROGRAMME

- 4.1 The existing programme for 2015/16 and 2016/17 proposed the use of £15.934M of 'Core' funds. The 'Core' three year programme is funded from WG support, Capital Receipts and Capital Reserves.
- 4.2 Notwithstanding the reductions in WG capital support, we have been able to maintain our core programme at the same level as 2014/15 (£15.934M) albeit with the recognition that to do so over the course of the current 3 year programme could result in a potential shortfall in resources of approx £1.9M given current capital receipt projections. At this stage and given the uncertainties, it is proposed to maintain the core programme at the existing level with the requirement for us to firmly review and challenge any commitments made into years two and three, to robustly monitor capital receipt projections and to position ourselves to respond as greater certainty emerges.
- 4.3 A review of the current 2015/16 and 2016/17 programme shows that of the projected core spend of approximately £40.799M, only £4.966M is currently contractually committed to be spent.
- 4.4 Section 5 below details the proposed core programme for 2015/16 to 2017/18 at £15.934M per annum. This continues to represent a significant investment of almost £48M over the next 3 years.
- 4.5 The Council's Revenue Budget Strategy has identified a requirement to reduce the Core Capital Programme by £1M in order to move revenue funded capital expenditure (e.g. PCs, software costs) into the capital programme.

- 4.6 The Revenue Budget Strategy also identified revenue funding (£0.100M) to support a further £1.250M of capital expenditure to help maintain our highways infrastructure.
- 4.7 In addition to 'Core' funds, the Council receives a significant amount of "specific grant". There are also certain items that were previously charged directly to the revenue budget which under accounting rules are now shown in the Capital Programme (e.g. PCs, software etc.), whilst still being funded from revenue.

5.0 THE THREE YEAR CAPITAL PROGRAMME 2015/16 – 2017/18

- 5.1 The details of the 3 year proposed programme for each Service Group is provided below.
- 5.2 The Council's proposed Capital Programme for 2015/16 to 2017/18 has been restated to reflect the Council group structure following the review of the Chief Officer structure (Council 29th October 2014). Essentially the four group structure has been reduced to three and budgets have been realigned as appropriate.

CORPORATE AND FRONTLINE SERVICES GROUP, CHIEF EXECUTIVE'S DIVISION AND CORPORATE INITIATIVES

- 5.3 The latest Council Performance Report (Quarter 3, as at the 31st December 2014) projects full year capital spend of £37.658M for Corporate and Frontline Services, the Chief Executive's Division and Corporate Initiatives in 2014/15.
- 5.4 The total resources for 2015/16, as outlined in the proposed three-year Capital Programme is £22.952M (of which £12.466M relates to Corporate and Frontline Services, £1.750M to Corporate Initiatives and £8.736M to Chief Executive's). The core allocation has been reduced for Corporate and Frontline Services (£0.010M), Chief Executive's Division (£0.060M) and Corporate Initiatives (£0.080M) in line with the requirements set out in the Revenue Budget Strategy (para 4.5).

CORPORATE AND FRONTLINE SERVICES

HIGHWAYS, TRANSPORTATION & STRATEGIC PROJECTS

Highways Technical Services

- 5.5 A budget of £4.536M (2015/16) is to be allocated to the next phase of the Council's Highways Improvement programme and in doing so support the Council's current priority area 'Streetcare services and the natural environment – a cleaner, greener County Borough'.

- 5.6 £1.321M has been allocated to road surface treatments and resurfacing schemes.
- 5.7 £1.920M has been allocated to Structures to address major structural repairs.
- 5.8 £0.250M has been allocated to enhance the present programme associated with the replacement and upgrading of the Council's life expired concrete & steel lighting columns supplied via overhead lines.
- 5.9 £0.080M has been allocated to implement a programme associated with the testing/repairing of the Councils safety barriers/fencing infrastructure.
- 5.10 £0.416M has been allocated for the upgrading of the Council's adopted footway network.
- 5.11 £0.181M has been allocated to undertake highway drainage works.
- 5.12 £0.010M has been allocated for improvements to disabled access on the highway.
- 5.13 £0.358M of additional capital resources has been allocated for essential Highway Improvement repairs.

Strategic Projects

- 5.14 In recent years grants have been made available by WG for housing development and delivery of projects on the transportation network. These include Transport Grant, Local Transport Fund, Road Safety Grant and Safe Routes to School Grant. At the present time no guidance on grant applications has been issued by WG (2014/15 guidance was issued during the first week of February 2014) and future funding may be based on the recently submitted Local Transport Plan.
- 5.15 Capital Investment in the transportation network is also delivered from new developments. Funding can be from developer contributions, S106 agreements and transport tariff. It is anticipated that the following large project will be developed and delivered over 2015/16/17 by this means:
 - A4119/A473 Roundabout Improvement, Talbot Green

5.16 WG has allocated £62M of funding for expenditure by the end of March 2016 for development and delivery of Metro Phase 1. The schemes below are identified for delivery by this Council as part of the Phase 1 programme. We have been progressing design and development of these projects during 2014/15. The funding is stage gated and, subject to approvals, it is anticipated that funding will be available for the delivery of the following projects during 2015/16:

- Upper Boat A470 Gyratory Improvements – Phase 2
- Sardis Road Gyratory Improvements
- Porth Park & Ride (Rail)

5.17 The Flood Risk Management plan continues to be developed in accordance with the Flood Risk Regulations. Flooding continues to be investigated with projects subsequently developed and agreed with WG. Areas with a high risk of flooding may benefit from 85% funding from the Welsh Government and the Council's capital allocation is generally utilised as the 15% match funding for larger projects. The capital allocation is also used for minor flood alleviation schemes. It is anticipated that project development will be progressed in the following areas subject to WG funding:

- Volunteer Street, Pentre
- Cross Keys PH, Nantgarw
- Oaklands Terrace, Cilfynydd
- Cemetery Road, Glyntaff

5.18 The Traffic Management Capital Programme consists of the core capital allocation, WG grants (see 5.14) and Developer contributions (See 5.15). The Council's core allocation will be used for:-

- Traffic Regulation Orders – Speed Limit Changes
- Traffic Regulation Orders – Various Small Scale
- Minor Schemes (Signs and Lines)
- Collision Cluster Analysis
- Residents Parking
- Remedial Works from Safety Audits
- Scheme Development (for WG funding)

5.19 A separate report on the detail of proposed schemes for Highways, Transportation & Strategic Projects will be presented to Members shortly.

STREETCARE

Fleet

5.20 The 3 year rolling programme for replacement vehicles continues. The 3 year allocation is £9.109M.

CHIEF EXECUTIVE'S

Regeneration & Planning

- 5.21 The Council's Capital Programme continues to provide a long term funding commitment to the economic regeneration of the County Borough and in doing so support one of the Council's current priority areas, 'Improving Our Communities'.
- 5.22 During 2015/16, the Council will continue with the regeneration of Pontypridd Lido, supported via Council and external funding sources.
- 5.23 In addition to the above, sustained investment has been maintained across a range of funding streams, supported by external funding, for local businesses and partners to access, with the aim of targeting resources to improve the standard of premises (internal and external) and support the design and delivery of projects.
- 5.24 In June 2014 the Council received funding approval of £5.980M from WG for the Vibrant and Viable Places Programme in the Pontypridd settlement area. The programme consists of the following projects which are delivered in partnership by the Council, Third Sector organisations and the private sector:
- Homes Above Retail Premises
 - Homestep Plus
 - Heat and Save Ponty
 - Regenerating Lady Windsor Colliery
 - The YM Centre of Creativity and Wellbeing
 - Townscape Enhancement Programme +

The programme of regeneration projects will add value to the significant regeneration investment that has already taken place and will act as a catalyst for further regeneration activity in the area.

CORPORATE INITIATIVES

- 5.25 As part of the Council's on-going programme to ensure high standards of health and safety within its premises, appropriate resources continue to be allocated to the management and remediation of Asbestos and Legionella.

EDUCATION AND LIFELONG LEARNING DIRECTORATE

- 5.26 The latest Council Performance Report (Quarter 3, as at the 31st December 2014) projects full year capital spend of £38.663M for Education and Lifelong Learning in 2014/15.
- 5.27 The total resources available to Education and Lifelong Learning for 2015/16, as outlined in the proposed three-year Capital Programme is £27.239M. The core allocation for Education and Lifelong Learning has been reduced by £0.100M in line with the requirements set out in the Revenue Budget Strategy (para 4.5).
- 5.28 In addition to 'Core funds' the Local Government Borrowing Initiative (LGBI) provides funding of £0.936M in 2015/16 towards the 21st Century Schools Programme.

SCHOOLS

- 5.29 Throughout 2015/16, the Council will continue to deliver its long term programme of capital investment in schools, supported with Council funding and WG long term strategic '21st Century Schools and Capital Investment Programme'. The following schools are key projects included in the overall strategic programme:
- Aberdare Community School development - This project entails building a new 11-19 secondary school with a capacity for 1,600 pupils on the Ynys site in Aberdare with community sporting and leisure facilities funded by Rhondda Cynon Taf Council. Three secondary schools namely Aberdare High School, Aberdare Girls School and Blaengwawr Comprehensive School will close and pupils will be transferred to the new school.
 - Y Pant Comprehensive School - This project entails the building of a new classroom block with additional specialist accommodation to replace all temporary dilapidated classrooms, plus the refurbishment of some existing buildings. The school capacity will increase to 1,400 to cater for potential demand created by housing development.
 - Treorchy Primary School - The project entails a new five classroom extension block, together with the refurbishment and remodeling of the existing junior block to accommodate additional pupils with the closure of Pentre Primary School.
 - Llwynocrwn Primary School - The project is to facilitate the demolition of the existing dilapidated junior block with the construction of a new building together with additional capacity to cater for proposed housing development and specialist facilities for pupils with additional learning needs.

- 5.30 Members will be aware that on 15th December 2008 Cabinet agreed to the introduction of a School Modernisation Strategy. The Education and Lifelong Learning capital programme has subsequently been reviewed to ensure resources are aligned to meet this strategy and in doing so, support another of the Council's current priorities, 'A Top Quality Education for All'.

PLANNED MINOR CAPITAL WORKS

- 5.31 The planned minor capital works programme allocation for 2015/16 is £5.407M. This includes £5.265M of core capital funding (including slippage) and £0.142M of revenue funding. The allocation includes an on-going rolling programme for kitchen refurbishments, window & door replacements, essential works, electrical rewiring, fire alarm upgrades, toilet refurbishments, DDA compliance works, boiler replacement, roof renewal, improvements to schools, asbestos remediation works and IT hardware/software & licences.
- 5.32 A supplementary report detailing proposals of works for consideration within the above mentioned programme will be presented to Cabinet shortly.

COMMUNITY AND CHILDREN'S SERVICES

- 5.33 The latest Council Performance Report (Quarter 3, as at the 31st December 2014) projects full year capital spend of £8.692M for Community and Children's Services in 2014/15.
- 5.34 The total resources available to Community and Children's Services for 2015/16, as outlined in the proposed three year Capital Programme, is £8.561M. The core allocation for Community and Children's Services has been reduced by £0.750M in line with the requirements set out in the Revenue Budget Strategy (para 4.5).

DIRECT SERVICES, BUSINESS AND HOUSING

- 5.35 The three year programme for Direct Services, Business and Housing includes a budget of £1.969M in 2015/16, with £0.550M in 2016/17 and 2017/18. This will continue to fund the essential refurbishment and improvement works to the Council's Adult & Children's Services establishments, including asbestos costs, in line with care standards and health & safety legislation. Also included in this budget are the additional costs associated with Telecare Services.

PRIVATE SECTOR HOUSING

- 5.36 The proposed Private Sector Housing programme reflects an investment of £5.468M in 2015/16 and £5.368M in 2016/17 and 2017/18. This will be utilised to support services such as Disabled Facilities Grants, Maintenance Repair Assistance Grants and Renovation Grants Exceptional Circumstances. This programme also includes the Community Regeneration budget which provides grants to support a number of initiatives underpinning the affordable warmth and energy efficiency agenda. It also supports a number of Corporate Plan initiatives and underpins a number of commitments identified within the Local Housing Strategy Operational Plan.

PUBLIC HEALTH AND PROTECTION

- 5.37 The three year programme for Public Health and Protection has a budget of £1.124M in 2015/16, £0.800M in 2016/17 and £0.550M in 2017/18. This budget will be allocated for the rolling programmes for Parks Improvements, Cemeteries and Community Safety measures. Also included in this budget is an allocation for essential works at Leisure Centres.
- 5.38 In addition to the core capital funding of £0.050M, resources of £0.250M per annum have been identified to fund additional investment in the Council's Play Areas for the next two financial years i.e. 2015/16 and 2016/17.

6.0 CONCLUSIONS

- 6.1 The three year Capital Programme is a key component of the overall Medium Term Financial Planning and Resources Strategy for this Council. Targeted capital investment can make a significant impact on service delivery and used effectively, is able to underpin the Council's priority areas, where relevant.
- 6.2 This report sets out the capital investment priorities for the Council through to March 2018. Notwithstanding the necessity to reduce our core programme in recent years as a consequence of WG funding reductions, it still represents an ambitious and significant level of investment (£115.302M) over the next 3 years.
- 6.3 The programme includes some element of slippage but this is subject to changes when the 2014/15 accounts are finalised. Any changes to slippage will be reported to Members in the quarterly performance reports.

- 6.4 Inevitably as the year progresses, changes will be made to the programme, for example where new schemes can be supported by specific grants. Approval from Members will be sought as these opportunities arise throughout 2015/16.

Total Unitary Authorities	142,837	0	142,837	54,037	88,800

- (1) General Capital Funding is split into Unhypothecated Supported Borrowing (USB) and General Capital Grant (GCG).
- (2) General Capital Funding for the Housing Revenue Account (HRA) element takes the form of supported borrowing only. Councils will be asked to confirm if they wish any USB to be eligible for HRA subsidy funding.
- (3) General Capital Funding for the non-HRA element is derived by subtracting the HRA figures from the total in column (1). This non-HRA element takes the form of USB and General Capital Grant.
- (4) General Capital Grant is distributed in proportion to total General Capital Funding for the non-HRA element.
- (5) The non-HRA USB is derived by subtracting the General Capital Grant allocations from the non-HRA General Capital Funding.
