**AUTHOR: Chris Lee, Group Director Corporate And Frontline Services (01443) 424026**

**1.0 PURPOSE OF REPORT**

1.1 This report sets out the Council's proposed Capital Programme for 2019/20 to 2021/22, following confirmation of the local government settlement for 2019/20.

**2.0 RECOMMENDATIONS**

It is recommended that Members:

2.1 Note the detail of the final 2019/20 local government settlement for capital expenditure, reproduced at Appendix 1;

2.2 Agree to the release of the Earmarked Reserve balances as detailed in paragraph 5.3;

2.3 Agree to allocate the funding released from Earmarked Reserves to the investment priorities as detailed in paragraph 5.7;

2.4 Agree the proposed 'core' three year programme detailed at Appendix 2;

2.5 Agree the proposed total three-year Capital Programme, detailed at Appendix 3, which includes the following non core capital funding:

- Prudential borrowing to support 21<sup>st</sup> Century School Schemes, the Taff Vale Development and Highways Improvements schemes;
- Capital grants for specific schemes;
- Third party contributions;
- Additional Council resources previously allocated to support existing schemes and Corporate Plan investment priorities;
- The investment priorities detailed in paragraph 5.7 which are funded by the release of Earmarked Reserves detailed in paragraph 5.3.

### **3.0 BACKGROUND**

3.1 Members will be aware that each year the Council is allocated a sum of unhypothecated “Supported” borrowing and General Capital Grant from the Welsh Government (WG). Details of the allocation for 2019/20 are shown at Appendix 1. The funding for 2019/20 has increased to £13.441M as a consequence of WG increasing General Capital funding over 3 years (to 2020/21) by £100M (in total). The annual base allocation for 2019/20 is £11.108M and our share of the additional allocation for 2019/20 is £2.333M. Even with this additional funding, there is a still a reduction of £3.865M compared to 9 years ago:

<b>Year</b>	<b>WG Capital Support</b>
2010/11	£17.306M
2011/12	£13.856M
2012/13	£12.828M
2013/14	£11.328M
2014/15	£11.194M
2015/16	£11.154M
2016/17	£11.164M
2017/18	£11.232M
2018/19	£11.214M
2019/20	£13.441M

3.2 In determining our core capital funding for 2019/20 we have included the base annual allocation of £11.108M with the additional £2.333M allocated to fund the investment priorities detailed in paragraphs 5.7 and 5.8.

3.3 This base allocation, together with estimated Capital Receipts and the utilisation of Capital Reserves, represents the Council’s ‘Core’ capital funding.

3.4 As referenced above, WG has indicated that general capital funding will be increased by £100M over 3 years from 2018/19 to 2020/21 at an all Wales level, with an additional £50M in 2018/19, £30M in 2019/20 and £20M in 2020/21. General capital funding allocations for individual authorities are not available for 2020/21 and 2021/22, and may vary from the current assumed levels.

### **4.0 ROLLING ON THE EXISTING ‘CORE’ THREE YEAR PROGRAMME**

4.1 The existing programme for 2019/20 and 2020/21 proposed the use of £15.934M of ‘Core’ capital funding.

4.2 In recent years we have continued to maintain our core programme at £15.934M per year. The three year capital programme presented here is fully funded albeit there remains a risk that the projected capital receipts are less than anticipated. Capital receipts projections will continue to be closely monitored.

4.3 Whilst maintaining the core programme at the existing level, there remains the requirement for us to continue to review and challenge any commitments made into

years two and three, to robustly monitor capital receipt projections and to position ourselves to respond as appropriate and necessary as we move forward.

4.4 Given the timing of external funding approval processes, it will be necessary to maintain flexibility of funding across individual schemes in order to ensure the most efficient delivery of the overall programme.

4.5 Section 6 details the proposed capital programme for 2019/20 to 2021/22 representing a total investment of £173.202M. This comprises:

- Core capital funding of £15.934M per year, representing a significant investment of £47.802M over the next 3 years;
- Prudential borrowing of £48.979M to support the 21<sup>st</sup> Century Schools Programme, the Taff Vale Development and Highways Improvements schemes;
- Specific grants of £22.101M;
- Third party contributions of £5.949M;
- Earmarked reserves and revenue contributions previously allocated to schemes and investment priorities of £34.632M;
- Capital receipts, in addition to the 3 year core allocation, of £7.099M; and
- If agreed, additional earmarked reserves of £6.640M to fund the investment priorities detailed in paragraph 5.7 (excluding revenue projects).

## **5.0 ADDITIONAL INVESTMENT & EARMARKED RESERVES**

5.1 As reported to Council in the Statement of Accounts (19<sup>th</sup> September 2018), the Council has revenue stream earmarked reserves at the 31<sup>st</sup> March 2018 of £64.157M (£63.153M at 31<sup>st</sup> March 2017) which are set aside for a variety of purposes. In addition, there are specific reserves relating to Capital Funding, Insurance and Treasury Management.

5.2 The level and use of earmark reserves is constantly reviewed as part of the Council's robust financial management arrangements. Budget setting and accounts closure traditionally provide opportunities for more in depth reviews and Cabinet have specifically requested that the Section 151 Officer undertake a detailed risk assessment of earmarked reserves with a view to:

- Assessing the underlying financial risk for which they have been set aside to determine if it remains or whether circumstances have changed;
- The extent to which any amounts set aside for investment (Prior Year Commitments – Service "Carry Forwards") have been contractually committed;
- Being clear on the reasons for holding reserves and ensuring that they are sufficient, but not excessive; and
- The need for continued support of a robust Medium Term Financial Plan.

5.3 With the review complete, Cabinet have now been able to take a view on the extent to which any amounts could be released. These are listed below:

*a) Prior Year Commitments (£11.957M as at 31st March 2018)*

Sums have been set aside in the previous year to fund intended initiatives which

were to be carried out in the following financial year. A review of these reserves has been undertaken with particular regard to their necessity and whether the spend is considered essential in respect of it representing a key priority of the Council.

This review has identified, that of the £11.957M earmarked, a sum of **£1.086M** can be released from these reserves (following the £2.247M released in October 2018).

*b) Financial Management and Human Resources Risk Management (£29.766M as at 31st March 2018)*

This reserve includes funding for a number of risk assessed potential future liabilities including VER costs, potential future legal claims, welfare reform implications, social care risks etc.

A review has been undertaken of the levels of risk associated with the relevant areas to which these reserves relate.

Following this review, it is proposed that a sum of **£2.759M** can be released from this reserve (following the £3.932M released in October 2018).

*c) Other Specific Reserves (£3.692M as at 31st March 2018)*

Sums are set aside for specific purposes such as building maintenance repair requirements, data centre modernisation and fees charged to specific projects (such as capital schemes).

Following review, it is proposed that a sum of **£0.172M** can be released from these reserves (following the £0.239M released in October 2018).

*d) Investment/Infrastructure (£6.855M as at 31st March 2018)*

Sums are set aside to fund current and future costs of maintaining and enhancing infrastructure across the County Borough.

Following review, it is proposed that a sum of **£1.723M** is released from this reserve (following the £5.132M released in October 2018).

*e) Insurance Reserve (£8.931M as at 31st March 2018)*

The Insurance Reserve is set aside as cover for incidents that may have occurred but are not yet claimed alongside mitigating annual volatility in claim numbers (and spend) and insurance premiums.

Following review, it is proposed that a sum of **£1.000M** can be released from this reserve.

- 5.4 The total amount of reserves therefore which have been identified to be released amounts to **£6.740M**.
- 5.5 The Section 151 Officer is content that releasing the above resource does not compromise our financial standing. As such, Cabinet have carefully considered

the options available around the use of the resources identified above. A key consideration continues to be supporting the delivery of the Council's Corporate Plan 2016 – 2020 and the strategic outline capital investment programme of in excess of £300M over the next 5 years (over and above the recurring Capital Programme), as agreed by Cabinet on the 25<sup>th</sup> January 2018.

- 5.6 Accordingly, the Cabinet believe that the most appropriate use of these one off resources is to invest in our infrastructure and to support the aspirations and priorities of the Corporate Plan as presented in the report referenced above.
- 5.7 In being able to support the above objectives, Cabinet have identified the following specific areas which it is proposed that Council agree can be invested in, with funding available through use of one off reserves, existing resources and additional General Capital Grant from WG:

<b>Investment Priority</b>	<b>£M</b>
Highways & Roads	1.500
Highways Structures	1.500

Additional General Capital Grant 2018/19	(3.927)
Additional General Capital Grant 2019/20	(2.333)
<b>Total Council Investment</b>	<b>6.740</b>

- 5.8 As outlined in section 3, WG has increased the general capital funding for Wales by £100M over 3 years starting in 2018/19. The amount for this Council for 2018/19 is £3.927M and WG is allowing authorities to carry this forward into 2019/20, therefore we have allocated this to the investment priorities, along with the additional allocation of £2.333M for 2019/20.
- 5.9 Further details on the investments proposed in paragraph 5.7 are included in section 6.
