

## **Proposal to close Cilfynydd Primary and Pontypridd High Schools and to create a new 3 – 16 school on site of the current Pontypridd High School**

### **Community Impact Assessment**

This assessment is prepared in accordance with guidance contained within Annex C of the new statutory guidance circular 011/2018, the School Organisation Code, which will be implemented with effect from 1<sup>st</sup> November 2018.

This proposal is being consulted on between 15<sup>th</sup> October 2018 and 31<sup>st</sup> January 2019, as part of a wider consultation regarding the reorganisation of school provision in the Pontypridd and Hawthorn areas of Rhondda Cynon Taf. A detailed consultation document has been circulated to all prescribed consultees. Copies have been forwarded to the WG in compliance with consultation and publication guidelines. The document advises of the availability of all required Impact Assessments and informs all consultees as to how they can obtain copies if they require them.

At the current time, the percentage of pupils attending the respective schools who reside within the catchment areas of those schools are as follows:

- Cilfynydd Primary – 90%
- Pontypridd High – 68%

A relatively large number of children (30) who reside in the Cilfynydd catchment area choose to attend Coedpenmaen Primary School, which is approx. 1 mile from Cilfynydd Primary. This number of children represents 27% of the total number of statutory age children who currently attend Cilfynydd Primary.

Cilfynydd Primary School offers breakfast club to all pupils at present; we will recommend that this provision should continue in the new 3 - 16 school if these proposals are agreed.

Cilfynydd Primary is not used outside of school hours by community organisations; any usage made is by school based groups such as the PTA. The school offers after school clubs to its pupils on two evenings each week.

The Secondary school runs a full programme of extra-curricular activities after school each day. The full facilities of the current Secondary school will be available for the younger children to use, under supervision, so the programme of after school activities available to them can in fact be enhanced and extended.

There is a sports hall on the High school site that is widely used by community groups outside of school hours; the organisation and running of this facility will not change as a result of these proposals.

This proposal seeks to enhance the school accommodation and facilities available to both Primary and Secondary aged pupils resident in the Pontypridd area , to cater for all children who may attend the school in the future from its catchment area (which will differ for the Primary and Secondary departments of the new proposed 3 – 16 School). This is not a rural area, and the existence of so many other schools and other community facilities within a short distance means that it is not deemed necessary to consider the enhancement of other community facilities that may exist in the local area.

The distance between the existing school and new school sites for Primary aged pupils who may attend the new 3 – 16 school is just 0.9 of a mile; this is the driving distance, the walking distance is much shorter, via a footbridge over the A470 trunk road.

No address within the Primary age catchment area will qualify for free home to school transport on the grounds of distance, as the furthest addresses from the new school site are all within the qualifying distance, which is 1.5 miles for Primary aged pupils in Rhondda Cynon Taf. The furthest address on the eastern side of the Cilfynydd catchment area to the site of Pontypridd High (Albion Court) is 1.4 miles by car and 1.1 miles on foot. It is not considered this distance will be a barrier to any child who wishes to participate in the pre, and after school provision that will be offered at the new 3 - 16 School in the future; all pupils will be given equal access and encouragement to participate in as many activities as they wish. Having all Primary aged pupils in the Cilfynydd area of Pontypridd in one school, along with their elder siblings who may attend the Secondary department is considered to be of benefit to parents in future, as their children's school provision will be located on one site, as opposed to being almost a mile apart as it is at present

The catchment area of the Secondary section of the new school will remain as it is for the existing Pontypridd High School, with the addition of the catchment area of Coedpenmaen Primary School. The Graig area of Pontypridd will also be included. Transportation for children will be provided in accordance with the Council's Learner Travel Policy in force at the time of the transfer of school provisions to the new 3 - 16 School. Assessments will be undertaken in accordance with legislation in force and will involve the application of both distance and dangerous route criteria, if applicable.
