Landowner:
Details available on request

LDP Allocation:
SSA 10.7

Type:
Housing

Summary:

The site consists of three agricultural grazing fields situated to the rear of the recently built residential development at Gwern Heulog. The fields rise moderately steeply up behind the development, as far as the ridgeline of the hill, into open farmland beyond, although this is at a lower level than the surrounding hills. The fields are bordered on most sides by hedgerows. The site and neighbouring development will form an extension to the established settlement of Coed Ely to the south of Tonyrefail. Access to the 4.63 hectare residential allocation will also be achieved from the Gwern Heulog development.
