CONSULTATION COMMENTS

The position with Coronavirus has changed the way in which the Authority considers and responds to decisions and undertakes the actions required to ensure key services continue to operate to ensure the Council and its residents interests are protected. In the absence of being able to convene a quorate meeting of the Committee (and that this position is unlikely to change in the immediate future) it was necessary to take an officer delegated decision as the recommendations emanating from the report were of a time-critical nature.

Committee Members were advised of the approach being adopted and no objections were raised by any Member in relation to the recommendations as stated in the officer report being taken forward to the Director Of Finance and Digital Services.
