REPORT FOR JOINT COMMITTEE**

25TH JUNE 2015

JOINT EDUCATION SERVICE

REPORT OF THE TREASURER – 2014/15 YEAR-END POSITION

**Author: Martyn Pennell, Group Accountant
Tel. No. 01443 680384**

1. PURPOSE OF REPORT

- 1.1 To seek the Joint Committee's approval to set-up a new earmarked reserve and to agree the basis of funding for redundancy costs incurred during 2014/15.
- 1.2 To provide Members with the draft out-turn position for the Central South Consortium along with the draft Statement of Accounts for 2014/15.

2. RECOMMENDATIONS

It is recommended that Members:

- 2.1 Note and approve the additional earmarked reserve request of £60k for 2014/15 as identified in section 3.0;
- 2.2 Note and approve the recommended basis of funding of redundancy costs incurred in 2014/15 as identified in section 4.0; and
- 2.3 Note the draft out-turn position and the draft Statement of Accounts for the Joint Committee for the year-ending 31st March 2015 attached at appendix 1.

3. EARMARKED RESERVES

- 3.1 At the Joint Committee meeting on the 26th March 2015 Members approved a proposal to create an earmarked reserve of £73k to carry forward funding into 2015/16 for a number of specific projects that could not be completed during the 2014/15 financial year.
- 3.2 During the 2014/15 closure process a number of further underspends have been identified within the consolidated grant claims. Under the terms of the grant the consortium has been able to transfer some elements of its core expenditure into these grants, which has had the effect of increasing the overall underspend of the service for 2014/15 to £107k. As a result, the senior management team have identified a number of additional earmark reserve requests.
- 3.3 It is recommended that the Joint Committee approve a further earmark request of £60k to fund required adaptations to Ty Dysgu. This would enable adaptations required to the building to enable an increase to the fee earning capacity on the ground floor and a reduction in the overall rental cost for the building (the details of which are to be finalised).
- 3.4 Members are requested to approve the additional earmark reserve request.

4. GENERAL RESERVES

- 4.1 During 2014/15 the Consortium incurred redundancy costs totalling £1.390m as a result of the restructure of the service. A contribution towards these costs of £100k per year has been included within the 2014/15 and 2015/16 Consortium budgets, leaving £1.190m unfunded.
- 4.2 S151 Officers have considered options to fund the remaining costs. It is recommended to the Joint Committee that:
 - £528k of General Reserves are released as a one-off contribution. Subject to the approval of the earmarked reserve request in 3.3, this would leave £53k in General Reserves, equating to 1% of the 2015/16 Consortium Budget.
 - An annual contribution of £100k is made from within the consortium budget for six years commencing 2016/17, with a final contribution of £62k in 2022/23.
 - Any opportunities to use one off resources (e.g. underspends) to accelerate the payback period will be brought to the attention of the Joint Committee.
- 4.3 Members are requested to approve the funding proposal.

5. STATEMENT OF ACCOUNTS

5.1 The draft Statement of Accounts for the Consortium for 2014/15, is attached at Appendix 1. These are to be signed by the Treasurer of the Joint Committee by the statutory deadline of 30th June 2015. The draft financial out-turn for the Consortium for 2014/15 is included in the table below:

Explanatory Foreword

1. Introduction

The Central South Consortium Joint Education Service was created on 1st September 2012 to provide a range of school improvement services within the local authority areas of Bridgend, Cardiff, Merthyr Tydfil, Rhondda Cynon Taf and the Vale of Glamorgan.

The Consortium is managed and administered by the Central South Consortium Joint Committee, under powers conferred by the Local Government (Wales) Act 1994. The Joint Committee is made up of five members, one from each Local Authority. Rhondda Cynon Taf CBC became the Host Authority upon formation of the Joint Committee.

The information contained in these accounts allows the user to see the nature of the transactions from 1st April 2014 to 31st March 2015 and its financial composition as at that date.

These accounts will present:

- the financial statements legally required and their supporting notes,
- the accounting policies that have been applied when preparing the accounts.

2. Summary of Financial Performance

The table shows the budgeted controllable income and expenditure against the actual controllable income and expenditure for the period 1st April 2014 to 31st March 2015:

	Budget £'000	Actual £'000	Variance £'000
Expenditure			
Employees	3,651	3,880	229
Premises	501	550	49
Transport	94	39	(55)
Supplies & Services	544	552	8
Third Party Payments	434	390	(44)
Support Services	83	109	26
	5,307	5,520	213
Income			
Local Authority Contributions	(4,416)	(4,416)	0
Grants & Other Income	(891)	(1,286)	(395)
	(5,307)	(5,702)	(395)
Net Expenditure	0	(182)	(182)

The reasons for the variances between budgeted and actual expenditure were:

- Employees – A number of members of staff have been seconded to other organisations during the year. Their salary costs remain within ‘employees’ and are offset in the income category.
- Premises - Transfer of grant costs into the core service.
- Transport – Staggered appointments, vacancies and changes in working practices have reduced costs.
- Supplies & Services –
 - Unbudgeted costs incurred in relation to the cost of running courses at the Hubs, offset by income reported below.
 - Some eligible core budgeted projects were funded from grants.
- Third Party Payments –
 - Costs of additional responsibilities passed to the consortium including Governor Support, SACRE, and 14-19.
 - Some eligible core budgeted projects were funded from grants.
- Support Services - Transfer of grant costs into the core service.
- Income –
 - Increased restaurant and conference centre income due to high volume of conference centre bookings.
 - Additional income not budgeted in respect of the Hubs Courses offsetting expenditure outlined above.
 - Additional income for the reimbursement of seconded staff costs.

In addition, the following categories of income and expenditure relating to specific grants were processed through the consortium accounts:

	Actual £'000
Expenditure	
Employees	2,776
Premises	6
Transport	50
Supplies & Services	64,382
Third Party Payments	610
	67,824
Income	
Grants & Other Income	(67,824)
	(67,824)
Net Expenditure	0

As at 31st March 2015, the Central South Consortium held General Reserves of £53k. Movements on reserves are detailed within the Movement in Reserves Statement.

3. **Capital Expenditure 2014/15**

No expenditure this financial year.

4. **Pensions Assets and Liabilities**

As a result of International Accounting Standard (IAS) 19 "Employee Benefits", local authorities are required to account for pensions liabilities in respect of the cost of decisions made up to the balance sheet date. Please refer to note 17.0 to the Core Financial Statements for further details.

The effect of IAS 19 upon the reserves of the Joint Committee is as follows:

	£'000
Net Assets/(Liabilities) excluding Pensions Reserve	(334)
Net Assets/(Liabilities) as per Balance Sheet	(1,306)

5. **Introduction to Accounting Statements**

Statement of Accounting Policies

The purpose of this statement is to explain the basis of the figures in the accounts. It outlines the accounting policies adopted.

Statement of Responsibilities for the Statement of Accounts

This sets out the responsibilities of the Council as the administering Authority and the Group Director - Corporate Services for the preparation of the Statement of Accounts. The Statement has to be signed and dated by the presiding member at the Joint Committee meeting at which the Accounts are approved.

Certificate of the Group Director - Corporate Services

This is the certificate of the true and fair presentation of the accounts by the Group Director - Corporate Services.

Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Joint Committee, analysed into 'usable reserves' (i.e. those that the Joint Committee may use to provide services, subject to the need to

maintain a prudent level of reserves and any statutory limitations on their use) and 'unusable reserves'. The Surplus or Deficit on the Provision of Services line shows the true economic cost of providing the Joint Committee's services, more details of which are shown in the Comprehensive Income and Expenditure Statement.

Comprehensive Income and Expenditure Statement

This statement is prepared to record income and expenditure on an accruals basis. It includes items such as salaries and wages, running costs of the service and income received. The statement is based upon International Financial Reporting Standards (IFRS).

Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Joint Committee. The net assets of the Joint Committee (assets less liabilities) are matched by the reserves held by the Joint Committee.

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Joint Committee during the reporting period. The statement shows how the Joint Committee generates and uses cash and cash equivalents by classifying cash flows into operating and investing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Joint Committee are funded from the recipients of services provided.

Annual Governance Statement

This statement sets out the framework within which Rhondda Cynon Taf CBC, as administering authority, manages and reviews internal control. It outlines the main components of the framework, including the arrangements for Internal Audit and how the consortium has complied with the various elements of the framework.

6. Grant Funding Changes

Until 2012/13 the Welsh Government paid education grants directly to the individual authorities. From 2013/14 these grants were paid to the consortium who then allocate the funding to the authorities and schools. These transactions are recognised in the accounts of the Joint Committee from 2013/14 and impact upon:

- CI&E Statement:
 - Receipt of grant from WG in 'Grants & Other Income'
 - Payment of grant to LA's in 'Supplies & Services'

- Balance Sheet:
 - Outstanding receipts due from WG in Debtors
 - Outstanding payments due to LA's in Creditors

7. Service Restructure

On its formation the consortium was organised in two distinct units, with the School Improvement Service (SIS) providing the school monitoring functions on behalf of the five Local Authorities, and the Learning & Innovation Network for Schools (LiNKS) offering support services and courses to schools.

Following the publication of the 'National Model for Regional Working' by the Welsh Government in February 2014 the service has been restructured into a single operating unit, effective from the 2014/15 financial year.

The impact on the accounts are as follows:

- General Reserves were previously allocated separately to the SIS and LiNKS units. These have been combined into a single reserve on the 2014/15 balance sheet and the 2013/14 prior-year comparators.
- Redundancy payments totalling £1.39m were incurred during 2014/15. The Joint Committee has agreed to use £528k of General Reserves to part-fund these costs, with the balance being met through an annual contribution from the revenue budget until 2022/23. Further information is provided in note 15.2 to the main accounting statements.

The Council's Responsibilities

Notes to the Core Financial Statements

1.0 Accounting Policies

The Accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom (the Code) 2014/15 based on International Financial Reporting Standards (IFRS) and the Service Reporting Code of Practice for Local Authorities 2014/15 (SeRCOP).

1.1 Accruals of Expenditure and Income

The accounts of the Joint Committee have been prepared on an accrual of income and expenditure basis in accordance with the Code of Practice on Local Authority Accounting. This ensures activity is accounted for in the year that it takes place not when cash payments are made or received.

Revenue from the sale of goods or services is recognised when the Joint Committee transfers the significant risks and rewards of goods or provides the services to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Joint Committee.

Supplies are recorded as expenditure when they are consumed. Where there is a gap between the date material supplies are received and their consumption, they are carried as inventories on the Balance Sheet.

Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.

Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure in the Comprehensive Income and Expenditure Statement on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows determined by the contract.

1.2 Cash and Cash Equivalents

All cash transactions are administered by Rhondda Cynon Taf CBC as Central South Consortium does not operate its own bank account.

1.3 Inventories

Inventories of stock are measured at the lower of cost and net realisable value. When such inventories are sold, exchanged or distributed, the carrying amount shall be recognised as an expense when the income (if any) is recognised.

1.4 Value Added Tax

Income and expenditure excludes any amounts related to VAT, as all VAT collected is payable to Her Majesty's Revenue and Customs and all VAT paid is recoverable from them.

1.5 Reserves

The Joint Committee sets aside specific amounts as reserves for future policy purposes or to cover contingencies. These are deemed Earmarked Reserves. Earmarked Reserves are created by appropriating amounts out of the General Reserves in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year. To ensure this isn't a charge against General Reserves, the expenditure is funded via an adjustment in the Movement in Reserves Statement.

Certain reserves are kept to manage the accounting processes for retirement and employee benefits and do not represent usable resources for the Joint Committee.

1.6 Income

Income is credited to the year of account to which it relates, regardless of when that income was actually received.

1.7 Cost of Support Services

The costs of support services have been charged to the Consortium in line with agreed Service Level Agreements.

1.8 Employee Benefits

All costs relating to employee benefits are accounted for on an accruals basis.

Pensions

The Joint Committee participates in two separate pension schemes.

Staff on Teachers Terms & Conditions - This is an unfunded scheme administered by the Teachers' Pension Agency. The Agency sets contribution rates on the basis of a notional fund. Whilst this is a defined benefit scheme, the Teachers Pensions Agency is unable to identify the Joint Committee's share of the underlying assets and liabilities and accordingly, the Joint Committee has accounted for its contributions to the scheme as if it were a defined contribution scheme.

Other employees - Rhondda Cynon Taf CBC administer a fund on behalf of employees under the Local Government Pension Scheme Regulations

1997 (as amended), under which contribution rates are set by the fund's actuary based on triennial actuarial valuations. Under the regulations, contribution rates are set in order to lead to full funding of the overall liability of the Fund over time. The Local Government Scheme is accounted for as a Defined Benefit Scheme.

- The liabilities of the Rhondda Cynon Taf Pension Fund attributable to the Joint Committee are included in the Balance Sheet on an actuarial basis using the projected unit credit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of earnings for current employees.
- Liabilities are discounted to their value at current prices, using a discount rate of 3.3%. (4.3% 2013/14)
- The Rhondda Cynon Taf Pension fund is a multi-employer scheme. The assets of the Fund are not formally allocated to any employer within the fund, and are not the legal property of any employer within the Fund. For the purpose of completing the calculations for each triennial valuation of the Fund, the actuary calculates a notional allocation of assets for each employer. The assets of the pension fund notionally attributed to the Joint Committee are included in the Balance Sheet at their fair value:

Quoted Securities	–	Current Bid Price
Unitised Securities	–	Current Bid Price
Property	–	Market Value

- The change in the net pensions liability is analysed into the following components:
 - Current Service Cost – the increase in liabilities as a result of years of service earned this year allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked plus administration expenses.
 - Past Service Cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement.
 - Net Interest – interest on the present value of liabilities and interest on the net changes in those liabilities over the period, calculated using the discount rate at the start of the period, offset by interest applied to assets and the net changes in the assets over the period using the discount rate at the start of the period – represented in the Financing and Investment Income and Expenditure section of the Comprehensive Income and Expenditure Statement.

- Settlements and Curtailments – the result of actions to relieve the Council of liabilities or events that reduce the expected future service or accrual of benefits of employees – debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement.
- Actuarial Gains and Losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their financial / demographic or experience assumptions – debited or credited to the Pensions Reserve.
- Contributions Paid to the Pension Fund – cash paid as employer's contributions to the Pension Fund in settlement of liabilities; not accounted for as an expense in the Comprehensive Income and Expenditure Statement.

In relation to retirement benefits, statutory provisions require the Joint Committee Fund Balance to be charged with the amount payable by the Joint Committee to the Pension Fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Reserves of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Joint Committee is able to make discretionary awards of retirement benefits in the event of early retirements. Any such liabilities arising are accrued in the year of decision to make the award.

Accumulated Absences

The Joint Committee accrues for staff holidays earned but not taken at each year-end. The Welsh Government has issued regulations to mitigate the impact of this charge. This Joint Committee has taken advantage of the regulations and charged the additional costs to the Short-Term Accumulating Compensated Absences Account in Unusable Reserves.

1.9 Government Grants and Other Contributions

Grants and other contributions relating to capital and revenue expenditure shall be accounted for on an accruals basis and recognised in the Comprehensive Income and Expenditure Statement when there is reasonable assurance that;

- the conditions for their receipt have been/will be complied with, and
- the grant or contribution will be received.

Monies advanced where there is no reasonable assurance of the above two criteria, are held as creditors in the Balance Sheet.

Where a revenue grant has been recognised in the Comprehensive Income and Expenditure Statement but not yet used to fund expenditure, it is set aside as an Earmarked Reserve.

Where a claim has yet to be signed off by the Wales Audit Office, Balance Sheet values in relation to grants are included on an unaudited draft claim basis.

1.10 Leases

Whether a lease is a finance or operating lease depends upon the substance of the transaction rather than the legal form. Leases are reviewed at inception and classed as finance or operating by reviewing arrangements such as:

- Transfer of ownership at the end of lease contract.
- Option to purchase asset at a price lower than fair value.
- Lease term is for major part of economic life of asset.
- Present value of minimum lease payments amounts to at least substantially all of the fair value of leased asset.
- Leased assets are specialist and only the lessee can use them without major modifications.
- Leases of land and buildings are considered separately for the purpose of lease classification.

Finance Leases

A finance lease is one which transfers substantially all the risks and rewards incidental to ownership of an asset.

Where the Joint Committee is lessee, an asset and liability is recognised at lease inception. The asset is subsequently depreciated and revalued as though it were the legal property of the Joint Committee. The liability reduces as lease payments are made.

Operating Leases

An operating lease is deemed to be any lease other than a Finance Lease.

Where the Joint Committee is lessee, lease payments are recognised as an expense in the Comprehensive Income and Expenditure Statement on a straight-line basis unless another systematic basis is more representative of the benefits received.

1.11 Events after the Balance Sheet Date

Events after the reporting period are those both favourable and unfavourable that occur between the end of the reporting period and the date when the financial statements are authorised for issue.

The financial statements are authorised for issue in accordance with the Accounts and Audit Regulations (Wales) 2005 (as amended). Regulations state the Statement of Accounts shall be authorised for issue when certified by the Responsible Finance Officer. Certification of unaudited accounts takes place by 30th June following financial year-end.

Regulations require the audited Statement of Accounts to be published by 30th September. The published Statement of Accounts shall reflect events after the reporting period up to the date the accounts were authorised for issue. This is the date the Responsible Finance Officer re-certifies the accounts.

Two types of events can be identified;

- a) those that provide evidence of conditions existing at the end of the reporting period (adjusting events that shall be recognised in the financial statements),
- b) those that are indicative of conditions that arose after the reporting period (non-adjusting events that are not reflected in accounting statements but where material, disclosure is made in the Notes to the Core Financial Statements).

2.0 Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

This Statement of Accounts contains estimated figures that are based on assumptions made by the Joint Committee about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because assets and liabilities cannot always be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the Joint Committee's Balance Sheet at 31st March 2015 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

2.1 Pensions Liability

- Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. AON Hewitt is engaged to provide the Joint Committee with advice about the assumptions to be applied.

- The effects on the net pensions liability of changes in individual assumptions can be measured, however the assumptions interact in complex ways.

8.0 Related Party Transactions

In accordance with IAS 24, the Joint Committee has a duty to disclose any material transactions with a "related party". This is to ensure that financial statements contain disclosures necessary to draw attention to the possibility that the reported financial position and results may have been affected by the existence of related parties and by material transactions with them.

All cash transactions are administered by the host authority as the consortium does not operate its own bank account. At 31st March 2015 the Council owes the consortium £94k relating to these cash transactions (The consortium owed RCT £3,314k as at 31st March 2014). During 2014/15, Central South Consortium was charged £91k by Rhondda Cynon Taf CBC in respect of Central Establishment Charges (included in table below).

The Joint Committee provides advisory and inspection services to the Local Authorities and its Schools within the Consortium. During the year, transactions with related parties arose as follows:

2013/14		Local Authority	2014/15	
Exp. £'000	Inc. £'000		Exp. £'000	Inc. £'000
857	(1,984)	The City of Cardiff Council	1,993	(1,827)

322	(864)	Vale of Glamorgan Council	727	(767)

In addition, the consortium received various grants from the Welsh Government and paid these to the Local Authorities (including their schools) as follows:

2013/14 £'000	Local Authority	2014/15 £'000
16,909	The City of Cardiff Council	21,717
13,482	Rhondda Cynon Taf CBC	17,207
7,194	Bridgend CBC	8,993
6,364	Vale of Glamorgan Council	7,483
3,367	Merthyr Tydfil CBC	4,592

Pension contributions are made to both the Rhondda Cynon Taf CBC Pension Fund and the Teachers Pension Agency, in respect of Joint Committee employees. See notes 17.0 and 18.0 for further information.

Interests of Members of the Joint Committee are maintained in a register held by their own Local Authority. The following organisations are related parties (by virtue of Member interest in them) with whom the Joint Committee has had dealings:

Category of Organisation	2013/14 £'000	2014/15 £'000
Educational Establishments	113	90

The table above does not include payments to/from the Local Authorities or schools within the consortium. These are included elsewhere within this note.

10.0 Leases

The Joint Committee uses general office equipment which is financed under the terms of an operating lease. Operating lease rentals paid to lessors in 2014/15 totalled £12k.

There are no long-term lease agreements at the balance sheet date.

The Joint Committee holds no assets on Finance Leases.

14.0 Amounts Reported for Resource Allocation Decisions

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the SeRCOP. However, decisions about resource allocation are taken by the Joint Committee on the basis of budget reports analysed across groups. These reports are prepared on a different basis from the accounting policies used in the financial statements. The following reconciles controllable costs to Net Cost of Services and to the (Surplus)/Deficit on Provision of Services.

In 2014/15 the Joint Committee incurred redundancy costs totalling £1.390m. £628k of these costs have been funded through a transfer from General Reserves and a contribution from the 2014/15 revenue budget. The balance of £762k has been transferred to a negative earmarked reserve, which will be cleared through further annual contributions until 2022/23.

16.2 Short-Term Accumulating Compensated Absences Account

The Short-Term Accumulating Compensated Absences Account absorbs the differences that would otherwise arise on CSEC Reserves from accruing for compensated absences earned but not taken in the year e.g. annual leave entitlement carried forward at 31st March 2015.

17.0 Retirement Benefits – Defined Benefit Schemes**17.1 Participation in Pension Schemes**

As part of their terms and conditions, the employees of Central South Consortium are offered retirement benefits by the Joint Committee. Although these benefits will not be payable until retirement, the Joint Committee has a commitment to make these payments. The liability for these payments needs to be accounted for at the time future entitlement is earned.

The Joint Committee participates in two pension schemes:

- Teachers – Please refer to note 18.0.

- Other employees – The Local Government Pension Scheme administered by Rhondda Cynon Taf CBC. This is a funded defined benefit salary scheme, meaning that the Joint Committee and participants pay contributions into the fund calculated at a level intended to balance the pensions liabilities with investment assets. The pension costs that are charged to the Joint Committees' accounts are defined by IAS 19 "Employee Benefits".

17.2 Transactions Relating to Post-Employment Benefits

The cost of retirement benefits is recognised in the Comprehensive Income and Expenditure Account when earned by employees, rather than when benefits are actually paid as pensions. However, the charge required to be made to the Comprehensive Income and Expenditure Account is based on the cash payable in the year. The cost of retirement benefits is reversed out in the Movement in Reserves Statement. The following transactions have been posted in the year:

Comprehensive Income and Expenditure Account	2013/14 £'000	2014/15 £'000

The total remeasurement of the Net Defined Benefit Liability recognised in Other Comprehensive Income and Expenditure to the 31st March 2015 is a loss of £206k. (£755k Gain in 2013/14)

The cumulative amount of actuarial gains and losses recognised in the Comprehensive Income and Expenditure statement to the year ending 31st March 2015 is a loss of £581k.

The figures above do not include allowance for any membership (or associated assets) relating to members who have joined the employer but have not yet exercised their option to link their past service rights to their current employment.

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date.

Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets. The actual return on scheme assets in the year was a gain of £1.272m (£0.658m gain in 2013/14).

17.5 Scheme History

	2013/14 £'000	2014/15 £'000
Present Value of Defined Obligation	(9,453)	(10,968)
Fair Value of Plan Assets	8,637	9,996
Surplus / (Deficit)	(816)	(972)

The liabilities show the underlying commitments that the Joint Committee has in the long run to pay retirement benefits. The total liability of £972k has a substantial impact on the net worth of the Joint Committee as recorded in the Balance Sheet.

However, statutory arrangements for funding the deficit mean that the financial position of the Joint Committee remains healthy. The deficit on the local government scheme will be made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary.

17.6 Local Government Pension Scheme Assets

Local Government Pension Scheme Assets (full scheme not JES element) are comprised as follows:

	Fair Value of Scheme Assets	
	2013/14 £'000	2014/15 £'000
UK Equities	462,816	500,938
Overseas Equities	1,112,695	1,147,728

Total	2,219,697	2,388,967

17.7 Basis for Estimating Assets & Liabilities

The Rhondda Cynon Taf Pension Fund employs a building block approach in determining the rate of return on Fund assets. Historical markets are studied and assets with higher volatility are assumed to generate higher returns consistent with widely accepted capital market principles. The assumed rate of return on each asset class is set out within this note. The overall expected rate of return on assets is then derived by aggregating the expected return for each asset class over the actual asset allocation for the Fund as at 31st March 2015.

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The Council Fund liabilities have been assessed by AON Hewitt, an independent firm of actuaries, with estimates for the Council Fund being based on the latest full valuation of the scheme as at 31st March 2013.

The principal assumptions used by the actuary have been:

	31/03/14	31/03/15
Long-Term Expected Rate of Return on Assets in the Scheme:		
Equity Investments	N/A*	N/A*
Property	N/A*	N/A*
Government Bonds	N/A*	N/A*
Corporate Bonds	N/A*	N/A*
Cash	N/A*	N/A*
Other	N/A*	N/A*
Mortality Assumptions:		
Continued Overleaf...		

Longevity at 65 for current pensioners:		
Men	22.9	23.0
Women	25.8	25.9
Longevity at 65 for future pensioners:		
Men	25.1	25.2
Women	28.2	28.3
RPI Inflation	3.4%	3.0%
CPI Inflation	2.4%	1.9%
Rate of Increase in Salaries	3.9%	3.4%
Rate of Increase in Pensions	2.4%	1.9%
Rate for discounting scheme liabilities	4.3%	3.3%
Take-up of Option to Convert Annual Pension into Retirement Lump Sum:		
Post-2010 Service	75%	75%
Pre-2010 Service	75%	75%

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

	Increase in Assumption £'000	Decrease in Assumption £'000
Longevity (Increase or Decrease in 1 Year)	288	(288)
Rate of Increase in Salaries (increase or decrease by 0.1%)	90	(89)
Rate of Increase in Pensions (increase or decrease by 0.1%)	152	(150)
Rate for Discounting Scheme Liabilities (increase or decrease by 0.1%)	(230)	235

17.8 Contributions for the Accounting Period ending 31st March 2016

The Employer's regular contributions to the Fund for the accounting period ending 31st March 2016 are estimated to be £551k.

18.0 Retirement Benefits – Defined Contribution Scheme

Staff employed on Teachers terms and conditions are members of the Teachers' Pension Scheme. The scheme provides teachers with specified benefits upon their retirement, and the Joint Committee contributes towards the costs by making contributions based upon a percentage of members' pensionable salary.

The Scheme is technically a defined benefit scheme. However, the Scheme is unfunded and the Department for Education uses a notional fund as the basis for calculating the employers' contribution rate paid by local authorities. The Council is not able to identify its share of underlying financial position and performance of the Scheme with sufficient reliability for accounting purposes. For the purposes of this Statement of Accounts, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2014/15, the Joint Committee paid £77k to the Teachers' Pension Fund in respect of teachers' retirement benefits, representing 14.1% of pensionable pay. There were no contributions remaining payable at the year-end.

19.0 Events after the Balance Sheet Date

Events after the reporting period are those both favourable and unfavourable that occur between the end of the reporting period and the date when the financial statements are authorised for issue.

The financial statements are authorised for issue in accordance with the Accounts and Audit Regulations (Wales) 2005 (as amended). Regulations state the Statement of Accounts shall be authorised for issue when certified by the Responsible Finance Officer. Certification of unaudited accounts takes place by 30th June following financial year-end.

Regulations require the audited Statement of Accounts to be published by 30th September. The published Statement of Accounts shall reflect events after the reporting period up to the date the accounts were authorised for issue. This is the date the Responsible Finance Officer re-certifies the accounts.

Two types of events can be identified;

- a) those that provide evidence of conditions existing at the end of the reporting period (adjusting events that shall be recognised in the financial statements),
- b) those that are indicative of conditions that arose after the reporting period (non-adjusting events that are not reflected in accounting statements but where material, disclosure is made in the Notes to the Core Financial Statements).

21.0 Officer's Remuneration

Under the Accounts and Audit (Wales) Regulations 2010, the Joint Committee must disclose in their accounts the number of employees whose remuneration in the year fell in each bracket of a scale in multiples of £5,000 commencing at £60,000 (excluding pension contributions). The disclosure includes redundancy payments.

During 2014/15, the Consortium paid 103 employees (121 in 2013/14) paying total salaries of £5,071,049.35 (excluding employer's national insurance and pension contributions) (£4,269,729.05 in 2013/14). Within this, the following salary payments were made within the categories specified:

Remuneration Band	2013/14	2014/15

- Improve the performance of every school;
- Increase the numbers of good and excellent schools;

1.3 Rhondda Cynon Taf County Borough Council is responsible for ensuring that its business and that of the Joint Committee, for which it has administrative responsibility, is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for and is used economically, efficiently and effectively.

1.4 Rhondda Cynon Taf County Borough Council and the Central South Consortium have several policies and processes that are consistent with the principles of the CIPFA/SOLACE Framework 'Delivering Good Governance in Local Government'.

1.5 This Annual Governance Statement explains how the Central South Consortium has complied with the various elements of the framework.

2.	The purpose of the governance framework
-----------	--

- 2.1 The governance framework comprises the systems and processes, and cultural values, by which an organisation is directed and controlled and the activities through which it accounts to, engages with and leads the community. It enables an organisation to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage the risk to a reasonable level. It cannot eliminate all risk of failure to achieve aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness.
- 2.3 The system of internal control is an ongoing process designed to identify and prioritise the risks to the achievement of aims and objectives, to evaluate the likelihood and impact of those risks materialising, and to manage them efficiently, effectively and economically.
- 2.4 The following paragraphs summarise the overall governance framework and the system of internal control, which has been in place for the Central South Consortium for the period covering 1st April 2014 to 31st March 2015.

3.	The Governance Framework
-----------	---------------------------------

- 3.1 The CIPFA/SOLACE governance framework sets out six fundamental principles of corporate governance:-
- Focusing on the purpose of the Authority and on outcomes for the community and creating and implementing a vision for the local area.
 - Members and officers working together to achieve a common purpose with clearly defined functions and roles.
 - Promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour.
 - Taking informed and transparent decisions which are subject to effective scrutiny and managing risk.
 - Developing the capacity and capability of members and officers to be effective.
 - Engaging with local people and other stakeholders to ensure robust public accountability.
- 3.2 This Governance Statement has used these principles to demonstrate how the overall governance arrangements at the Central South Consortium for the period covering 1st April 2014 to 31st March 2015 are deemed to be satisfactory. The Governance Statement does not

document policies, procedures and working practices under each of the six principles, but instead provides an overview of the governance and internal control processes and systems.

- Raise standards in English by a further 12%, Welsh by 4% and mathematics by 8% by September 2015 compared with September 2014 to reach 77%, 79% and 68% respectively
- Improve outcomes at Level 2 + by at least a further 6% by September 2015 compared with September 2014 to exceed 60%
- Improve attendance by a further 0.9% in Secondary schools and by a further 0.5% in primary schools to reach 94.5% and 95.2% respectively by September 2015. Continue this trajectory so that the regions ambition of an average of at least 95% in both sections is achieved by September 2016.
