

**Green Glyncoch**  
A Zero Waste Village

---

---

---

---

---

---

---

---

**Aim of the Project**

- To make Glyncoch a zero waste village
  
- Definition:-
- A village where at least 90% of the residents recycle both their dry recyclables and their food waste, all residents respect their environment, all communal areas and open spaces are well maintained whilst there is no litter on the ground, there is no fly tipping in the village and all dog owners are signed up to the good owners guide.

---

---

---

---

---

---

---

---

**The Story so far?**

- Initial Pilot Project Nov, 2009
- Improved Recycling
- Areas cleaned up
- Community buy-in
- Good links with local schools
  
- Project ended Feb,2011

---

---

---

---

---

---

---

---

### Recent Changes

- Council changed to a fortnightly refuse collection
- Dry/food/nappy & green recycling weekly
- Changes in Raising Awareness

---

---

---

---

---

---

---

### Changes in Raising Awareness

- Dedicated Team
- Always Available
- More Focused
- Targeted
- Prolonged
- Results Driven

---

---

---

---

---

---

---

### Has it Worked?

---

---

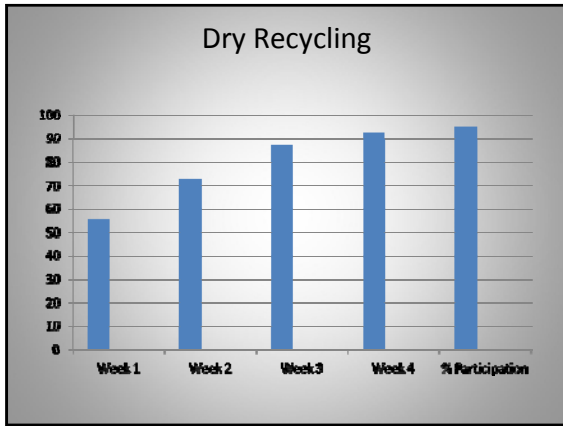

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

- ### The Future
- Challenging Targets
  - Not one size fits all approach
  - Trial different methods
    - Source Segregated Collection
  - Greater Community Engagement
  - Engagement from local schools
  - Potential Income for the Community

---

---

---

---

---

---

---

---

### What will we do?

- Successfully bid for the vehicles etc.
- Manage the Project
- Support the Project
- Provide the Driver
- Purchase the material

---

---

---

---

---

---

---

### What will the community have to do?

- Support the Project
- Provide Volunteers for collections
- Maintain that support
- Raise Awareness
- Challenge non participants

---

---

---

---

---

---

---

### Vehicle & Volunteers

---

---

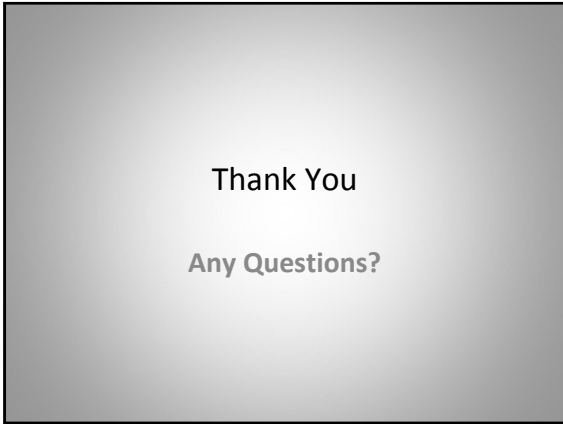

---

---

---

---

---

---

---

---
