**Penygraig**

**14/1651/10** Decision Date: 04/03/2015

**Proposal:** Construction of 8 lock-up garages

**Location:** LAND REAR OF NO'S 72-75, HENDRECAFN ROAD, PENYGRAIG.

**Reason: 1** The proposed development would have a harmful impact on highway safety, contrary to policy AW5 of the Rhondda Cynon Taf Local Development Plan, for the following reasons:

The proposed development will create additional vehicular reversing movements to and from the lane in an area where there is considerable pedestrian movement to the detriment of safety to all highway users.

The proposed additional use of the narrow sub-standard lane will lead to additional reversing movements along its length to the detriment of safety to all highway users.

The isle width (lane width) as proposed for access / egress to the garages is sub-standard for a safe and satisfactory access to the detriment of safety to all highway users resulting in the garages being not fit for use.

**Trallwn**

**14/1633/10** Decision Date: 04/03/2015

**Proposal:** Rebuild of garage (Resubmission)

**Location:** REDLANDS, 3 HOSPITAL ROAD, THE COMMON, PONTYPRIDD, CF37 4AH

**Reason: 1** By virtue of its proposed scale, height and position adjacent to the rear boundary of the site, it is considered that the development would be significantly overbearing to those neighbouring properties to the north-east of the application site. Furthermore it is considered that the proposed garage would cause an unacceptable degree of overshadowing onto property known as 29 Pencoed Avenue, thus having a significant detrimental impact upon the occupants' residential amenity. Given the above, the application is not considered to comply with Policy AW5 of the Local Development Plan.

**Pontyclun**

**14/1638/10** Decision Date: 03/03/2015

**Proposal:** Detached dwelling and garage

**Location:** LAND ADJACENT TO GELLI-WEN FARM AND YNYSGARW, PENDOLYLAN ROAD, MISKIN, PONTYCLUN, CF72 8NF

**Reason: 1** The proposed development would be contrary to Policies AW 2 and AW5 of the Rhondda Cynon Taf Local Development Plan in that it would represent unjustified sporadic development in an unsustainable location, outside the established settlement boundaries.

**Reason: 2** The proposed development is considered to be contrary to policy AW5 of the Rhondda Cynon Taf Local Development Plan as it would result in an adverse impact upon highway safety in the vicinity of the application site for the following reasons:

Further intensification of use of a sub-standard access which is lacking in highway geometry, forward visibility and structural integrity leading to the site will create additional hazards to the detriment of the safety of all highway users and free flow of traffic.

Further intensification of use of a substandard private shared access at its junction with the un named public highway will create additional hazards to the detriment of the safety of all highway users.
