STRATEGIC EQUALITY PLAN – EQUALITY OBJECTIVES ACTION PLAN

1. Introduction

1.1 Background

The Council published its Strategic Equality Plan (SEP) in line with the legislative requirements in March 2012. The SEP set out how the Council had met its legal responsibilities in developing the SEP and included the Council's Equality Objectives, how they had been identified, the approach taken in respect of engagement and the results, together with a comprehensive Action Plan that set out how the Council would deliver its objectives..

The SEP included a commitment to regular monitoring of the delivery of the SEP Action Plan.

1.2 Purpose of the review of the Strategic Equality Plan

The commitment to regular monitoring was carried out through the use of the Council's Performance Management System, Ffynon, with regular quarterly reports being provided to Council Cabinet.

The ongoing monitoring process identified that minor changes needed to be made to some of our actions and by the end of the first year of monitoring and the production of the Annual Equality Report it was clear that due to changing circumstances and information the Equality Objectives and the action plan would need to be comprehensively reviewed in order to ensure that these changes could be reflected and to ensure that the action plan was up to date and deliverable.

2. Equality Objectives Review

2.1 Our Approach

When reviewing the Equality Objectives we looked at the quarterly monitoring results and our Annual Equality Monitoring Report to identify whether or not we were delivering what we promised, whether the objectives are still relevant and whether or not there was a need to amend current objectives or develop new objectives.

STRATEGIC EQUALITY PLAN – EQUALITY OBJECTIVES ACTION PLAN

2.2 Have we delivered?

The end of year monitoring report identified that whilst a large part of the critical actions and key milestones had been delivered there were areas that had not moved forward as initially thought.

There were a number of reasons for this and a summary of the action plan delivery for each objective is set out below:

Disability Hate Crime Objective

Many of the targets had been delivered and work done in this area included regular reporting of hate crime statistics to the Multi Agency Diversity Forum, agencies working together to address specific incidents and awareness raising activities with the public during Council Open Days; however the delay in appointing a Regional Community Cohesion officer for RCT and Merthyr affected our ability to deliver all targets.

This post is now filled and the post holder has been involved as part of the review of the plan to identify whether these targets need to be changed.

The development of revised reporting procedures has been affected by ongoing work by the Welsh Government to develop an All Wales Strategy - Tackling Hate Crime and Incidents: A Framework for Wales.

It was felt that any strategy developed by RCT would need to complement that of the Welsh Government Framework, to avoid duplication and to ensure the best use of resources, the Welsh Government Framework is now expected to be completed and published early in 2014. The Council has recently contributed to the consultation process in respect of the Framework.

In order to complement the Framework, our strategy will cover all aspects of Hate Crime which includes race, religion, disability, sexual orientation and transgender. This will be a shift in strategy as previously our objective was solely around disability.

STRATEGIC EQUALITY PLAN – EQUALITY OBJECTIVES ACTION PLAN

Engagement Objective

Work has been undertaken to develop a Public Engagement Strategy and delivery plan which has been incorporated as part of the Single Integrated Plan and will be delivered on a multi agency basis with full involvement of Council officers from the following areas:

- Corporate Policy & Consultation
- Communities First
- Equality & Diversity
- Fframwaith
- Older Persons Champion

This strategy and delivery plan in effect improves upon the original equality objective and will now deliver the aims and principles of that objective. This means that the action plan for delivery has been removed from the SEP and is now being delivered on a multi agency basis via the Public Engagement Strategy delivery plan.

Addressing Negative Behaviours

This objective was developed as a result of the consultation process on the Strategic Equality Plan. The Council was told that people need to be more aware of how their attitude and behaviour can affect other people.

However, during the delivery of the Strategic Equality Plan it has been recognised that the work connected to this objective is closely linked to the Disability Hate Crime objective and again the ability to deliver this was affected by the length of time taken to appoint the Regional Community Cohesion Officer for RCT and Merthyr.

Some work has been undertaken through the use of statistics reported to the Multi Agency Diversity Forum and discussions with the now appointed Regional Community Cohesion Officer in respect of the availability of training and an online training programme has been sourced to be made available to staff.

Because of the close links to the Disability Hate Crime Objective and the development of a Welsh Government approach to dealing with Hate Crime the

STRATEGIC EQUALITY PLAN – EQUALITY OBJECTIVES ACTION PLAN

review of the Strategic Equality Plan has led to the two objectives being amalgamated and the awareness raising being linked to the delivery of the Council Strategy when it is developed.

Gender Pay Objective

The Public Sector Equality Duties required Public Authorities to identify an objective on addressing gender pay differences. The Council objective is about identifying why pay differences exist and whether or not there are actions that can be taken to reduce the pay differences.

The Council had the opportunity to deliver this objective via a collaborative project with Cardiff University and as such the target dates have been extended to align with the project plan. The project is in 4 stages:

1. Data collection - initial collection completed
2. Analysis of data - initial analysis in progress
3. Further analysis depending on results at stage 2
4. Recommendations for change made and considered

The project will be completed in June 2015. RCT is the only Council in Wales who is participating, the research expertise of Cardiff University will allow for thorough examination of the information available.

2.3 Annual Equality Monitoring Report

The council produced and published the above report in March 2013 which covered the period April 2011 - March 2012. It included an initial assessment of the delivery of the SEP action plan and identified that the Council needed to do more work around the issue of monitoring both in respect of employees and service users and recommended that a new equality objective be developed to address this.

2.4 What has changed?

Work already carried out in respect of the Disability Hate Crime Objective in respect of raising awareness with the public through the Council Open Days and working

STRATEGIC EQUALITY PLAN – EQUALITY OBJECTIVES ACTION PLAN

with partners through the Multi Agency Diversity forum has identified that there needs to be a more holistic approach to addressing Hate Crime.

It has also become clear that the Addressing Negative Attitudes and Behaviours Objective cannot be delivered in isolation and that this objective should become part of the overall Hate Crime strategy being developed by the Council and its partners, due to the overlap of training need and consultation requirements.

Delivery dates in respect of the current objectives have been extended whilst awaiting the results of the work being carried out by the Welsh Government in developing an all Wales Strategy in order to ensure that any strategy developed by the Council and its partners is in line with the all Wales approach.

As a result of the review of the SEP action plan and the information contained within the Annual Equality Monitoring Report the Equality Objectives will now be amended to take into account the lessons learned from the initial delivery and the review.

The Equality Objectives will now be as follows:

- Hate Crime and Addressing Negative Attitudes and Behaviours
- Developing more robust Monitoring Arrangements
- Gender Pay Objective

2.5 How we will deliver them?

The Council has developed a comprehensive action plan that identifies critical actions and key milestones to deliver the Equality Objectives, which is attached at Appendix One.

3. Engagement Process

3.1 How will we engage?

We will use the newly launched Cwm Taf Community Engagement Hub, which gives residents in RCT the opportunity to have their say on Councils Services. We will also use a wide range of existing forums such as:

STRATEGIC EQUALITY PLAN – EQUALITY OBJECTIVES ACTION PLAN

- Disability Forum
- 50+ Networks
- Carers Forum
- Staff Equality Forum
- Youth Forums.

3.2 Feedback mechanisms

The Cwm Taf Community Engagement Hub, also has a facility whereby feedback can be provided. We will also publish feedback on Council's Website and use the mechanisms contained in the Public Engagement Strategy.

4. Relevant Information

4.1 What did we use?

The follow relevant information was used to undertake this review:

- The Council's Strategic Equality Plan and Action Plan
- Performance Review documentation outlining progress of the Strategic Equality Plan Action Plan
- the Council's Single Integrated Plan – 'Delivering Change'
- the Annual Equality Monitoring Report 2011-2012
- Equality Act 2010 – Statutory Code of Practise on Equal Pay
- Census information.

5. Publishing and Monitoring Results

5.1 Publishing Results

The Council will publish an Annual Equality Report that will provide information on the delivery of the Strategic Equality Plan, progress on the Equality Objectives and action plans, employment monitoring information, details of relevant information and Equality Impact Assessments in line with the requirements of the Specific Equality Duties in Wales.

STRATEGIC EQUALITY PLAN – EQUALITY OBJECTIVES ACTION PLAN

5.2 Monitoring Arrangements

The action plan has been developed in line with the Council's Performance Management Arrangements. Progress will be monitored in the same way and at the same time as the Council's priority and business plans using the Performance Management Software - Ffynnon. The work will be delivered with our partners and where actions are attributable to Council Services; these will be reflected in operational and other plans.

The Strategic Equality Group will continue to meet quarterly to monitor progress on the delivery of the action plan, review the Equality Objectives and identify any need for change.

6. Interim Arrangements

The attached Action Plan identifies reviewed and amended Equality Objectives that are subject to an engagement process (as outlined in Section 3 of this report) which will take place during January - March 2014.

However work will take place in preparation for their delivery and in particular around the Gender Pay Objective which continues to be delivered. The initial feedback has been received and analysis is currently ongoing of the data. This objective is on track for delivery as per the Action Plan.
