MEAT AND PRODUCTS OF ANIMAL ORIGIN
There are also restrictions on bringing meat and products of animal origin into the UK from outside the EU. Many items are prohibited. Please check the rules in the meat and products of animal origin ‘If in doubt, leave it out!’ leaflet.

IF IN DOUBT, LEAVE IT OUT!

WHY ARE THERE STRICT CONTROLS?
Plants can carry pests and diseases, which can devastate our environment and our agricultural and horticultural industries. The 2001 Foot and Mouth (FMD) outbreak demonstrated the costly impact of animal and plant disease on rural communities, businesses and the economy. Therefore there are strict controls on the importation of plants and plant products into the UK from outside the EU. Customs will seek to prosecute serious offenders. Make sure you check what you can bring into the UK.

HOW CAN I CHECK THE RULES?
This leaflet gives you a summary of the rules. It is not fully comprehensive. Pest and disease outbreaks can occur at any time and these rules are subject to amendment without notice. Remember, what you can bring into the UK depends on where you are travelling from, not where the item has been grown or purchased. If you are in any doubt about what you can or cannot bring into the UK you should contact:
The Department for Environment, Food and Rural Affairs (Defra) (Plant Health Service Delivery Unit)

THERE ARE STRICT PENALTIES FOR SMUGGLING PROHIBITED AND RESTRICTED ITEMS. THIS CAN INCLUDE UNLIMITED FINES, THE POSSIBILITY OF IMPRISONMENT, OR BOTH.
IF YOU ARE CARRYING PROHIBITED OR RESTRICTED ITEMS, OR ARE SIMPLY UNSURE OF THE RULES, GO TO THE CUSTOMS RED CHANNEL/POINT OR THE PHONE PROVIDED AT THE RED POINT TO SPEAK TO A CUSTOMS OFFICER. ALL PROHIBITED AND RESTRICTED ITEMS WILL BE SEIZED AND DESTROYED.

TRAVELLING FROM OUTSIDE THE EU?
THINKING OF BRINGING MEAT OR FOOD INTO THE UK?
These items may carry diseases and strict penalties apply. Many items are illegal and will be seized. Check the rules before you bring any of these items into the UK.
