### **33 PRESENTATION BY THE LOCAL DEMOCRACY AND BOUNDARY COMMISSION FOR WALES**

The Mayor welcomed Mr O Watkins, M Redmond and D Mosley to the meeting and through the aid of a PowerPoint presentation Members were advised of the Local Democracy and Boundary Commission for Wales - Electoral Review for Rhondda Cynon Taf, 2018.

Members were provided details in respect of the review including the statutory criteria and commission policies, council size model, development of proposals and the continuation of involvement through consultation with local Members.

In respect of the council size model Members were advised that due to the factors needed to be taken into consideration, it would place the Council within Category two, with the Commission determining that Category two Councils should have a councillor to population ratio of 1:3,000, resulting in a Council size aim of 79. Members were further advised however that the Commission had set constraints in Council size with a maximum size of 75 members. The officers therefore confirmed that the review would concentrate on a Council size of 75 Members for Rhondda Cynon Taf, and application of this policy would result in a ratio of one councillor to 2,302 electors.

The Commission Officers continued their presentation advising of the factors that they would take into consideration within their review including natural boundaries (topography, rivers etc) and manmade boundaries (major road networks, rural and urban divides) and also commented on the things that would not be considered such as postcodes or addresses. Member's attention was drawn to areas of concern, with four wards within the County Borough having a variance of greater than 25%.

The presentation was concluded by the Officers advising of how the Council could assist going forward with the review and the timetable of events.

Members thanked the officers for the presentation and the approach taken to date with question and answer sessions for both officers and group leaders and spoke of the approach to be taken forward by the Council, with further detailed discussion at the Overview & Scrutiny Committee in September. Members were also advised that a presentation was being made to the Town and Community Councils on the 26<sup>th</sup> July.

Members raised the need for the review to take into consideration the local government bill to be taken forward by Welsh Government, which will include reform of local authority electoral arrangements, including reducing the voting age to include 16 and 17-year-olds, which would impact on the electoral figures going forward.

The Boundary Commission officers thanked the Members for their comments and welcomed further comments, observations and suggestions to assist them in their review. Following conclusion of the item the officers left the meeting.

## 37 MEMBERS' QUESTIONS

### 1. From County Borough Councillor L.M.Adams to the Leader of the Council (County Borough Councillor A.Morgan)

“Will the leader of the Council provide an update on the WLGA’s discussions with the Welsh Government on the proposals to reorganise local government?”

**Note:** The Mayor advised that as County Borough Councillor M Adams had submitted apologies for the meeting, the question was not put.

### 2. From County Borough Councillor J.Cullwick to the Cabinet Member for Adult Community Services and Welsh Language (County Borough Councillor G.Hopkins)

“Our very elderly residents in RCT get a free TV licence and an extra £100 fuel allowance to make life more pleasant. Yet often they cannot return to a parking space near their property if they go out for a drive. Has RCT considered how to best help these very elderly residents who want to retain their independence and community involvement or as long as possible?”

**Note:** The Mayor informed Members that in the absence of Councillor G.Hopkins a response would be made in writing.

### 3. From County Borough Councillor H.Boggis to the Cabinet Member for Education and Lifelong Learning (County Borough Councillor J.Rosser)

“How does the Council encourage and promote the take up of Free School Meals in schools across the County Borough?”

#### **Response from County Borough Councillor J Rosser**

- Members were advised that all eligible families were actively encouraged to take up the offer with schools actively signposting entitled parents to available support, and often help with the completion of necessary paperwork. The Council’s Benefits team also encourage eligible parents to apply through social media and the website, and also advise parents who are applying for other concessions. Members were advised that the Council’s Benefits and Catering teams work closely together, and with other agencies, to support increased take up of those entitled to FSMs. County Borough Councillor Rosser concluded her response by

advising of the flexible use of FSM entitlement – where pupils can purchase sandwiches/baguettes as opposed to just set meals and the creation of private accounts created by the Benefits team with schools, to prevent any stigma attached to FSM for the pupils entitled.

**Supplementary question from County Borough Councillor H Boggis**

What steps will the Council be taking to ensure that children who have access to FSMs are provided for during the summer holidays?

**Response from County Borough Councillor J Rosser**

Councillor Rosser advised that the Authority would continue to ensure that children don't miss out over the school holidays and advised that the Council would once again be running free summer holiday clubs for schools with high FSM numbers, with an extra 3 schools added to the Welsh Government subsidised programme for this year, adding that Councillor Boggis would be pleased to know that Penywaun Primary School was to be included as part of the pilot.

Members were advised that the SHEP (School Holiday Enrichment Programme) would run for 4 weeks of the holidays between 31<sup>st</sup> July to the 23<sup>rd</sup> August, over Tuesdays, Wednesdays and Thursdays for Children aged 7-11, although siblings over the age of 5 were also able to benefit. Councillor Rosser advised that the sessions would include breakfast and lunch with a range of activities for children to enjoy.

**4. From County Borough Councillor G.W.Hughes to the Cabinet Member for Environment, Leisure & Heritage Services (County Borough Councillor A.Crimmings)**

“Will the Cabinet Member make a statement on the Council's investment in athletic facilities in the County Borough?”

**Response from County Borough Councillor A Crimmings**

The Cabinet Member commented on the excellent progress being made on the £3m Ynys athletics facility in Aberdare, which forms part of the Council's wider investment in the area. County Borough Councillor Crimmings spoke of her recent visits to the site and how impressed she was with the way it was shaping up.

Members were advised of the plans to install a new six lane running track around the new 3G sports pitch at Bryncelynog Comprehensive School, and she added that this would include a

100m sprint area along one of the straights.

Councillor Crimmings added that Councillor Hughes would be pleased to know that the Council were also looking at options to improve the King George's Park facility, and further details of this scheme would be announced in the future. This would mean that the three main areas of the County Borough would have state of the art athletics facilities to make use of, which she added would be the envy of many other Councils across Wales.

### **Supplementary question from County Borough Councillor G Hughes**

I'm pleased to hear of the investment into King George and I'm sure the athletic groups will be too. Sport and physical activities is of great importance in development and monitoring of wellbeing, can you provide us with an update on 3G improvements and the importance of outdoor activities?

### **Response from County Borough Councillor A Crimmings**

Councillor Crimmings agreed on the importance of physical activity within communities for the benefits of residents health and well being for both the younger and older generation. Members were advised that the work was progressing well with the Council's ambitious plan to ensure that residents live within 3 miles of a 3G facility, with work ongoing at facilities in Porth and Ferndale, whilst future schemes were also continuing in Beddau and Penywaun.

Investing in creating a healthy and active RCT remains a core commitment of the administration, and through RCT Invest, the completion of these schemes would take the overall number of 3G pitches delivered to 13.

Councillor Crimmings advised of the progress made in relation to the younger generation of the County Borough, with continued improvements with the play area improvements programme, where over half of the total improvements across Wales have come within in Rhondda Cynon Taf over the last three years. The Cabinet Member concluded by expressing how pleased she was with the work being taken forward.

### **5. From County Borough Councillor L.Hooper to the leader of the Council (County Borough Councillor A.Morgan)**

"With the recent announcement by the Department for Works and Pensions of its plans to relocate an estimated 1700 staff to the Treforest Industrial Estate, what plans does the Council have to increase capacity on the surrounding roads to the Estate?"

### **Response from County Borough Councillor A Morgan.**

The Leader responded to the question although was mindful that the proposed new development for DWP was currently the subject of a live planning application, so did not want to predetermine any aspects. However, he noted that he was aware that there was not enough parking spaces available at the site and advised of the discussions that had been taken forward with Welsh Government in respect of potential works with the offslip of the A470 north bound and spoke of the current traffic problems and acknowledged the potential hazardous conditions with vehicles utilising the hard shoulder during heavy traffic periods. The Leader commented on discussions with Welsh Government in respect of the potential addition of a new station at Nantgarw, as it was recognised that the current Treforest stop to be unsafe due to its location and ease of access. He added that the intention would be to fast track the new station and to improve Treforest for public transport usage, with the potential usage of buses and the metro.

#### **Supplementary question from County Borough Councillor L Hooper**

I welcome the relocation of jobs and the significant investment to the County Borough, although I share the concerns of the local residents in respect of travel arrangements. There is a large emphasis on staff using the metro, but with the new office being in place from 2021 there is a time difference with the valley lines electrification of 2023, meaning people will need to drive to work on already congested roads into the estate, especially the A473 Tonteg bypass into the industrial estate. Will the Council explore options and consider improvements and I ask the Leader to publish options and commit to improvements before the new offices are up and running?

#### **Response from County Borough Councillor A Morgan.**

The Leader responded by advising that he would not commit to anything as a transport assessment would need to be completed as part of the planning application process. The Leader commented on the positive regeneration of the site and the bringing of jobs into the County Borough rather than offices being located within the Cardiff area. He continued by adding that both Welsh Government and Transport for Wales were very positive with the potential of accelerating the timelines for the metro, adding that 2023 was the timescale for full electrification of valley lines when the proposal was a phased approach of implementation across the valley lines. The Leader concluded by adding that lots of work was ongoing in the background and that he was confident that the DWP timescales could be met.
