

COUNCIL MEETING 10<sup>th</sup> APRIL 2019

AMENDMENT TO THE NOTICE OF MOTION AS SET OUT IN ITEM 8 (B) OF THE COUNCIL AGENDA

In accordance with Procedural Rule 10.4.1 of Part 4 of the Council Constitution the following amendments was received in the name of Councillors P.Jarman, G.Davies, S.Rees Owen, M. Weaver, J.Williams, A.Cox, J.Davies, J.Cullwick, L.Jones, E.Stephens, H.Fychan, D.Grehan, K.Morgan, E.Webster, D.Macey, A.Chapman and S.M. Evans to the Notice of Motion as set out at item 8(B) of the Council Agenda standing in the names of County Borough Councillor M Adams and R Yeo:

This Council seeks to express its concerns at the practical implications changes to maternity services in Cwm Taf are creating for residents in Rhondda Cynon Taf.

This Council calls upon the Local Health Board to review the newly implemented arrangements in Cwm Taf, to reflect upon the difficulties this set-up is causing residents

*( ADD - This Council further calls on the Minister for Health and Socialcare, Vaughan Gethin AM , to take the concerns of this Council into account when considering the review findings of the Royal College of Obstetricians and Gynaecologists and the Royal College of Midwifery which is due to report back to the Minister shortly)*

As part of this review, we request that the Local Health Board, consider the significant housing development which has already taken place since the original decision in 2013. This review should also consider proposals for future housing, particularly in the South of this County Borough, North and Bridgend areas.

It is the view of this Council that these developments will place further pressure upon this new service arrangement and in turn cause further practical consequences for the residents of RCT, who need to access maternity & paediatric services, particularly in emergency situations.

*(ADD - As a consequence, this Council further calls on the Future Generations Commissioner and the Public Service Board to consider the implications on the wellbeing of the affected communities. The consequences of such changes could not have been measured when the original decision for this service was taken by the then Cwm Taf University Local Health Board, six years previous to implementation of the new service arrangements.)*

**The motion amended will read:**

This Council seeks to express its concerns at the practical implications changes to maternity services in Cwm Taf are creating for residents in Rhondda Cynon Taf.

This Council calls upon the Local Health Board to review the newly implemented arrangements in Cwm Taf, to reflect upon the difficulties this set-up is causing residents

This Council further calls on the Minister for Health and Socialcare, Vaughan Gethin AM , to take the concerns of this Council into account when considering the review findings of the Royal College of Obstetricians and Gynaecologists and the Royal College of Midwifery which is due to report back to the Minister shortly.

As part of this review, we request that the Local Health Board, consider the significant housing development which has already taken place since the original decision in 2013. This review should also consider proposals for future housing, particularly in the South of this County Borough, North and Bridgend areas.

It is the view of this Council that these developments will place further pressure upon this new service arrangement and in turn cause further practical consequences for the residents of RCT, who need to access maternity & paediatric services, particularly in emergency situations.

As a consequence, this Council further calls on the Future Generations Commissioner and the Public Service Board to consider the implications on the wellbeing of the affected communities. The consequences of such changes could not have been measured when the original decision for this service was taken by the then Cwm Taf University Local Health Board, six years previous to implementation of the new service arrangements.
