

RHONDDA CYNON TAF COUNTY BOROUGH COUNCIL

MUNICIPAL YEAR 2014 - 2015

EDUCATION & LIFELONG LEARNING SCRUTINY COMMITTEE

13th OCTOBER 2014

REPORT OF:
DIRECTOR OF EDUCATION AND LIFELONG LEARNING

Agenda Item No. 5

PROGRESS REPORT ON THE IMPLEMENTATION OF THE COUNCIL'S LITERACY STRATEGY

Authors: Jenna Jones (School Improvement Advisory Officer)/Sue Walker (Head of Achievement – Primary) (Tel No 01443 744000)

1. PURPOSE OF THE REPORT

The purpose of this report is to provide Members with an update on the progress and impact of the Strategy for Raising Achievement in Literacy in Rhondda Cynon Taf.

2. RECOMMENDATIONS

2.1 It is recommended that Members:

- Note the information contained within this report.
- Scrutinise and comment on the information provided.
- Consider whether they wish to scrutinise in greater depth any matters contained in the report.

3. BACKGROUND

3.1 At the Cabinet meeting on 19th March 2012, Cabinet agreed to implement a Literacy Strategy for Rhondda Cynon Taf which set out a vision for which we aspire for all our children, young people and adults: **zero tolerance of illiteracy:**

- By 2018 all pupils that transfer from primary to secondary school will be functionally literate (a reading age greater than 9 years 6 months);
- By 2024, all pupils that transfer from primary to secondary school will have a reading age above, equal or at the most 3 months below their chronological age.

3.2 The Strategy is designed to work in conjunction with and complement the Welsh Government focus on literacy embodied in the National Literacy Programme and the Central South Consortium Literacy Strategy.

3.3 The Strategy's target dates are long term but it is important that we can measure progress towards achieving these targets.

3.4 Statutory reading tests as part of the National Literacy Programme for pupils in years 2-9 were introduced in May 2013 and these results provided a baseline for measuring progress.

The results of the tests undertaken in May 2014 have been collected and ongoing yearly reading data will be very important in measuring the impact of the Literacy Strategy.

- 3.5 Assessment of the impact of the Literacy Strategy will be undertaken regularly taking into account all the available information. The first assessment of impact was conducted in February 2013 and the results reported to Cabinet members. A further update was provided in September 2013.
- 3.6 Information will be collected and collated from all service areas that identified actions in the strategy document.

4. CURRENT POSITION

4.1 Progress made to date will be reviewed against the six core elements contained in the Literacy Strategy:

- **CORE 1** – Quality teaching;
- **CORE 2** – Quality teaching plus additional support for identified children and young people;
- **CORE 3** – Quality teaching plus personalised support to meet the specific needs of individual children and young people;
- **CORE 4** – Facilitating professional learning;
- **CORE 5** – Effective partnerships with parents and local communities;
- **CORE 6** – Data and target setting: Improving monitoring, evaluation and the use of data.

4.2 CORE 1 - Quality teaching and CORE 4 - Facilitating professional learning

4.2.1 Following the ninety-seven whole day reviews in Primary, Infant, and Junior schools conducted by LA staff and members of the LA literacy strategy group in Spring/Summer 2013, the strategic literacy group conducted progress visits in forty six schools during the summer term 2014.

4.2.2 These schools were chosen as a random sample and visited in order to evaluate progress made against the recommendations made in the initial review.

4.2.3 The results of these progress visits were analysed and a summary of the results can be found in Appendix 1.

4.2.4 The Welsh synthetic phonic programme entitled '*Tric a Chlic*' implemented in November 2012 has continued to be supported in Welsh medium and bilingual primary schools during 2013/14. The author of this programme, Eirian Jones, conducted bespoke in-school support to facilitate developing and embedding the programme in individual schools during 2013/14.

4.2.5 Books 1 and 2 of the Welsh medium phonic workbook series '*Sat Naf Sain*' have been distributed to schools. Book 3 is planned for December 2014.

4.2.6 The *Success For All* programme continues to be consolidated and developed in the seven schools across the region who received targeted literacy support through the School

Effectiveness Grant. These schools have received ongoing support and training over the last academic year.

4.2.7 One further school has been identified by LA/CSC officers as being suitable to join the programme and the staff in this school will start the training sessions in November 2014.

4.2.8 The *Success For All* programme has been monitored by LA and consortium staff for impact on literacy standards of the pupils involved and a case study is contained in Appendix 2.

4.2.9 The literacy team in the Central South Consortium have provided bespoke support for five schools in the financial year to March 2014 and a further nine schools during this financial year - see Appendix 3.

4.3 CORE 2 - Quality teaching plus additional support for identified children and young people and CORE 3 – Quality teaching plus personalised support to meet the specific needs of individual children and young people

4.3.1 From September 2013 to March 2014 Rhondda Cynon Taf's central team of basic skills practitioners supported 392 pupils using the Catch Up Literacy intervention in targeted primary schools. These pupils were identified by their schools as underachieving in literacy.

4.3.2 Average reading age gains during the five months of the Catch Up intervention was 11.46 months which equates to an average ratio gain of 2.29. Professor Greg Brooks in his research paper 'What Works for Children in Wales with Literacy Difficulties' (2009) states an average ratio gain of 2.0 to have a useful educational impact and average ratio gains of 3.0 to have a substantial educational impact.

4.3.3 For this period Catch Up Literacy support was targeted according to the results of the WG statutory reading tests (May 2013).

4.3.4 Sixty two schools received a visit from a central team member for two terms (September – March) to support children identified by the test as requiring additional literacy support.

4.3.5 Due to changes in funding arrangements the Catch Up Literacy provision has been school-based from April 2013.

4.3.6 During 2013/14 fifteen members of staff from twelve schools received training in the Cumbria Reading Intervention (CRI). This is no longer part of the Learning Support Service action plan but attendance and progress data continue to be monitored centrally.

4.3.7 The average reading improvement for the twenty-four pupils receiving the CRI programme was 20.3 months and the average improvement in spelling was 13 months.

4.3.8 A new RCT Certificate for SENCOs training is to be launched in Autumn Term 2014 to involve a core of central SEN/ALN training courses, support visits and quality assurance requirements. Training in speech and language and literacy interventions will be central to this training

4.3.9 Following the results of the RCT literacy reviews, provision mapping training has been established in the Access and Inclusion training schedule.

4.3.10 Fifty-two individuals have been trained in the Welcomm programme by the speech and language therapy service. This early years speech and language toolkit will assess the language abilities of nursery aged pupils and enhance their literacy development.

4.3.11 The CLIC (Communication and Literacy Inclusive Classrooms) project has been implemented in 70 schools across the region.

Cohort 1 (36 schools)

- 124 mainstream staff trained to use Language Link and Speech Link assessment tools.
 - 35 teachers trained in ELKLAN (specialist speech and language programme)
 - 25 support staff have been trained and passed accredited ELKLAN course at Level 2 or 3.
 - 1175 pupils aged between 4 and 7 years were screened with Language Link screener
 - 137 pupils were identified with moderate / severe needs
 - 254 pupils were identified with mild / moderate needs.
 - 34% of screened pupils with identified language needs.
 - 99+ intervention groups implemented in schools, supported by central LSS team.
 - Post – intervention data –
 - 42 pupils remained in the moderate / severe category – 60.75% improvement.
 - 87 pupils remained in the mild / moderate category – 58.37% improvement.
- All schools to receive the literacy training element of the project during spring term 2015.

Cohort 2 (34 schools)

- 74 staff have been trained to use Language Link screener (June 2014)
- Assessment to be completed by October 2014 and pre-intervention assessment data collated centrally by November 2014.
- Interventions to commence January 2015.

4.3.12 In Autumn term 2012 a pilot scheme using the YARC assessment (York Assessment of Reading) was initiated with Y10/11 pupils to inform the level and type of support required for EAL learners in KS4 sitting GCSE / AS level examinations. This was extended to EAL pupils in Y6 in Autumn Term 2013 to inform level of support needed in secondary school. Autumn term 2014 the MEAS team will be extending this further to testing pupils in Y3, 6, 9 prior to transition to the next key stage.

4.3.13 In 2012-13, 75.3% of the EAL cohort made progress compared to 70.6% during 2013-14. There has been an increase of 14% in the number of pupils being monitored. However, it has been identified that there a number of variables relating to the pupils' general ability, their language level upon entry and the transient nature of this population that may not have been considered. The target to increase by 10% the number of EAL pupils moving through a language acquisition level following support from the MEAS team will be reviewed in light of the above.

4.4 CORE 5 – Effective partnerships with parents and local communities

Youth Engagement and Participation Service

4.4.1 The Youth Engagement and Participation Service replaced Services for Young People on June 1st 2014.

4.4.2 The service have two full time members of staff in each secondary school who continue to provide literacy based provision and their key criteria is clearly linked with the school curriculum.

- 4.4.3 During the period April – September, seventy six literacy activities were undertaken with 920 individuals.
- 4.4.4 Nine youth inspectors were trained with a further six scheduled to receive training in October 2014.
- 4.4.5 The service continues to use new media to offer a greater range of literacy opportunities including creating DVDs, use of Wicid.tv and on-line surveys.

Cultural Services

- 4.4.6 Within Cultural Services, the Youth Arts and SONIG Youth Industry programmes continue to provide a range of creative literacy activities including:
- Make It! music project – songwriting and scriptwriting
 - Singer songwriter bootcamp
 - SONIG collective – monthly peer support group for budding singer songwriters.
 - One-to-one mentoring and professional development – including the selection of budding young singer songwriters/bands from RCT as part of the BBC Radio Wales and the Arts Council of Wales’ Horizons/Gorwelion 2014 initiative.
 - *Smack of Jellyfish* – a visual arts project within schools based upon collective nouns
 - Song writing project with young carers
 - Young Promoters Network – supporting young people to develop, promote and review music events across RCT/South Wales and beyond
 - Take pART – performing arts workshops within the Muni Arts Centre and the Park & Dare Theatre, including development of scripts and *Mixed Melodies* (song writing).
- 4.4.7 The Young Promoters Network (YPN) has replaced the Plugged In magazine to showcase literary talent.
- 4.4.8 Although Cultural Services are no longer a partner in the South Wales Valleys Literature Development Initiative, they remain committed to continuing a regional creative literacy programme for children and young people via ArtsConnect (with Bridgend, Merthyr and the Vale of Glamorgan arts services). This includes: exploring the development of a Young Critics scheme, supporting young people to attend arts events in theatres and elsewhere and developing critical reviews mentored by professionals, and Writers Squads/Sgwad Sgwennu. The Arts Council of Wales supported “Being Creatively Active” programme included looked After Children producing their own digital stories.

Communities First

- 4.4.9 Communities First have two priorities for projects under the Pupil Deprivation Grant (PDG) which include literacy projects e.g. Action on Literacy at Key Stage 2, Let’s Learn Together.
- 4.4.10 The first priority is to support young people to do well at school (LC2) and the second priority is to support families to be engaged in their children’s education (LC3).
- 4.4.11 Six clusters of schools continue to benefit from a PDG matched-funded project. These clusters are Porth (2 programmes), Y Cymer (cross Communities First areas), Tonypany, Aberdare/Cynon; Ferndale. These projects will finish March 2015 and further information relating to impact on attainment will be available then.

4.4.12 During the financial year to March 2014 there were 874 participants who benefited from activities under priority LC2 and 370 participants benefited from activities under priority LC3.

4.4.13 Utilising the improved data and information management systems in the LA will allow more detailed analysis of impact on learners in schools to be available.

Library Service

4.4.12 1574 children across Rhondda Cynon Taf took part in the 2013 Summer Reading Challenge which was titled "Creepy House".

4.4.13 Free computer and internet access was provided in all 26 libraries until 31st May 2014. Following the library closures, from 1st June free IT access has continued to be provided in all remaining branch libraries.

4.4.14 The Schools Library Service introduced Service Level Agreements in Sept. 2012 which resulted in an increase in the number of schools engaging with the SLS. They have also continued to provide a Pay As You Go Service to enable schools that do not wish to take out a SLA to access services as they require. 76.5% of schools used the SLS during 2013-14.

4.4.15 Although the Bookbus service was withdrawn in April 2013 due to efficiency savings, the Schools Library Service provision has been enhanced to offer a wider range of services to all primary schools including those who previously used the Bookbus service.

4.4.16 Literacy based activities across the borough libraries have included creative writing groups, author visits and the setting up of reading groups for young people.

4.4.17 The service continues to work with Bookstart Cymru and the Local Health Board to deliver Bookstart resources to parents & babies across RCT. In 2013, 2220 Baby Bookstart packs and 2860 Early Years Packs were gifted to families in partnership with Health Visitors across RCT.

4.4.18 One hundred and six 'Story and Craft' sessions were organized in libraries by library staff during the school holiday periods in 2013-14 with a total of 1701 children attending.

4.5 CORE 6 – Data and target setting: Improving monitoring, evaluation and the use of data.

4.5.1 Statutory reading assessments for all pupils in Y2-Y9 were conducted by Welsh Government in May 2014.

4.5.2 The tests provide WG, the LA and schools with reliable performance data that reflect whole school outcomes as well as the performance of specific cohorts and individual pupils.

4.5.3 The standardised data provided by these assessments will enable tracking of progress and more effective target setting.

4.5.4 An analysis of the statutory test data was completed (Appendix 4) and schools were provided with school and cluster reports which identified the reading attainment of pupils. (Appendix 5)

4.5.5 Schools have also been provided with similar reports of the statutory numeracy data and this is also included at Appendix 6A/B. Members may wish to consider receiving a more detailed overview of activities to support numeracy development at a later date.

5. CONCLUSION

- 5.1** Raising of standards in Literacy will remain a priority for RCT for the foreseeable future, at least the next five years.
- 5.2** The Literacy Strategy produced by the Education and Life-long Learning directorate provides a clear action plan for a number of service areas to focus on. Results of these actions need to be continuously monitored and evaluated for impact.

Update on Literacy Reviews

Context and background

Following the whole LA training in the principles and practices of initial reading using synthetic phonics (September 2012) and the training for primary teachers in raising standards of children's higher order reading skills (January 2013) the strategic literacy group compiled a literacy review pro forma in order to evaluate the impact of the training and to identify next steps for improvement.

Ninety-seven whole day literacy reviews in Primary, Infant, and Junior were conducted by LA staff and members of the LA literacy strategy group in Spring/Summer 2013. The reviews also included one PRU.

Schools were graded by a colour code and the results were moderated at the end of the process. The results of the reviews were analysed in order to provide recommendations for the LA and each school received a copy of their report which contained individual recommendations for improvement.

The LA overall recommendations were:

- To provide literacy leaders with training and advice during network meetings.
- To provide more comprehensive provision mapping training.
- To liaise with CSC and the NSP to provide support and guidance on the implementation of the LNF.
- To provide an opportunity to share the good practice observed during the review process more widely across the LA.
- To liaise with systems leaders on recommendations contained in individual school reports

Strategy or activity (including activities from other service areas)

To provide literacy leaders with training and advice during network meetings

Seventy-seven schools sent delegates to training for literacy leaders in January 2014 which focused on addressing the main recommendations from the literacy reviews as well as developments in literacy provision. This training was jointly conducted by RCT School Improvement and the CSC literacy team.

Appendix 1

To provide more comprehensive provision mapping training

Provision Mapping Training has been established in the Access and Inclusion training schedule.

To liaise with CSC and the NSP to provide support and guidance on the implementation of the LNF.

The RCT School Improvement Advisory Officer has been seconded to the NSP for 3 days a week as a National Support Programme partner working with RCT clusters. Monthly meetings are now scheduled with CSC staff in order for schools to have a coordinated approach to the support and guidance on the implementation of the LNF.

To provide an opportunity to share the good practice observed during the review process more widely across the LA.

Outstanding Teachers of Literacy (OTLs) have been identified using information from the literacy reviews, supportive reviews and headteacher recommendations. These teachers have been trained in the Outstanding Teacher Programme (OTP) and will be deployed across the LA to share their good practice during 2014/15.

Good practice observed during the initial reviews will be uploaded on the Emerging Practice Database (EPD) hosted by the NSP during the autumn term.

To liaise with systems leaders on recommendations contained in individual school reports

All system leaders have received copies of the individual school reports and included a conversation on the recommendations in their school visit.

Follow up reviews were completed in forty six schools for the spring/summer terms 2014 focusing on the progress made against the original review recommendations.

Impact on provision and learners' standards (if appropriate)

- 89% of the recommendations from the original reviews had been addressed during the progress visits. At least some actions had been put in place to move the school forward.
- Many schools had included their recommendations in their School Development Plan and dedicated SEG funding to addressing the issues.
- Further good practice was observed during the progress visits and this will be added to the EPD.

Case Study: Success For All

Context and background

Success For All is a whole school improvement strategy designed to improve pupil outcomes, particularly in literacy. It has been subjected to academic research and was ranked at the top of the Allen review of educational interventions and awarded the highest rating for effectiveness. SFA has been particularly effective in schools where there is under-achievement and it was implemented in 4 schools in Cardiff in January 2013 with promising results.

Children participating in the Success For All programme are grouped according to their reading level and are taught in 90 minute blocks. Assessments are completed at the start of the programme and at 8 week intervals.

SFA was introduced to 7 schools in RCT in September 2013. These schools were -:

- Cwmbach Church in Wales
- Cilfynydd
- Tylorstown
- Bodringallt
- Penpych
- Penywaun
- Llwydcoed

The schools were identified by analysing consortium data on attainment over the last 3 years analysing the findings and recommendations from the RCT literacy reviews completed in the summer term 2013 and through discussions with system leaders and school improvement officers. A further school (Penrhys) will join the programme in November 2014.

Strategy or activity (including activities from other service areas)

- In July 2013 headteachers were invited to an information session on Success For All
- In September 2013 the 7 schools received initial training for all staff over 2 days and started the programme.
- All schools identified a facilitator who received additional training on managing the programme and assessing progress.
- On 8th November Nursery and Reception teachers attended a network meeting on the implementation of the Curiosity and Kinder Corner programmes in the early years. These meetings will be arranged termly.
- On 27th November SFA facilitators and headteachers attended a leadership meeting.
- On 10th December all schools attended Kinder Roots training.
- In the spring term all schools received SFA writing training.

Appendix 2

- RCT facilitators have formed a PLC attended by LA/CSC officers.
- Schools are supported by a dedicated SFA consultant who visits the school regularly to provide support and advice.

Impact on provision and learners' standards (if appropriate) / Impact on leadership /inspection outcome

- The progress made by schools implementing the SFA programme has been calculated using Average Point Scores (APS) as progress measures.
- The standard expectation using this method is that pupils make :
 - 1 point of progress per term
 - 3 points of progress per academic year
 - 6 points of progress in 2 academic years (the equivalent of 1 NC level)
 - 2 NC levels in 4 years
- The table below shows the average APS per year group for 8 weeks for the 7 participating schools

	Y1	Y2	Y3	Y4	Y5	Y6
Average APS	1.5	2.9	2.6	2.4	2.2	1.1
Equivalent weeks of progress	18	34.8	31.2	28.8	26.4	13.2
Value added (approx wks)	+10.0	+26.2	+22.2	+20.4	+18.4	+5.2

- All assessment refers specifically to children's reading levels.
- The main points to highlight are:
 - Accelerated progress has been demonstrated in virtually every category;
 - Comments from schools indicate that staff feel that SFA is having a major impact on enthusiasm for reading and on achievement in reading and comprehension;
 - The APS does vary between schools and between classes in schools;
 - Where progress in a school is below that in other schools of a similar context School Improvement staff and SFA consultants have identified the issues and have put in place an action plan to address them.

Case Study: Targeted Literacy Support

Context and background

All schools were categorised by CSC staff using criteria which included -:

- Schools in CSC categories C and D
- End of key stage data
- Reading test information
- Schools in the 3rd or 4th quartile for at least 2 out of the last 3 years

This information was supplemented by information gained by LA officers during literacy reviews, whole school supportive reviews and Estyn inspection reports. 7 RCT schools were targeted for intensive literacy support using the Success for All programme (see separate report).

A further 5 schools were offered bespoke literacy support. These schools were -:

- Rhiwgarn Infants
- Abercynon Community Primary School
- Penrhys Primary School
- Aberllechau Primary School
- Gwaunmeisgyn Primary School

In the new financial year a further 5 schools were offered bespoke literacy support. These schools were:

- Parc
- Ynysboeth
- Pont Sion Norton
- Ysgol yr Eos

In tranche 2, a further 3 schools were offered bespoke literacy support.

- Glenboi
- Pontyclun
- St Michael's
- Ty Gwyn
- Ynyshir

Strategy or activity (including activities from other service areas)

Rhiwgarn Infant School

The project aims for the intensive support in this school are -:

Appendix 3

- To ensure the school has processes and structures in place for planning, teaching & learning and tracking of phonics
- To improve phonic skills of pupils.
- To ensure school based staff are confident to support the development of pupils' phonic skills.
- To ensure pupil progress is tracked robustly and assessments impact planning and teaching.

The network specialist for primary literacy in the targeted support team visited the school for a total of 8 days over 2 terms to complete the project. Detailed notes of visit were completed which outlined activities completed.

As part of improving teaching and learning identified in the PIAP and in conjunction with RCT officers, the headteacher and system leader requested support for the teaching of reading. The project aims are:

- To ensure the school has processes and structures in place for planning, teaching and learning and tracking of reading.
- To ensure school based staff are confident to support the development of pupils' reading skills.
- To ensure pupil progress is tracked robustly and that assessments impact planning and teaching.
- To ensure intervention programmes are effective in supporting children identified as working below chronological age.(CA)

An initial visit has been carried out by the network specialist and 3 project support officers, who took a running record of reading for all children from R to Y2 to ascertain an instructional level for reading. This also identified children working below CA. This information along with reading test data (when available) will support the school in identifying children needing reading intervention support

A TA was also trained in taking of running records using the PM benchmark kit in order that progress can be tracked effectively.

To build capacity within the school to support struggling readers, a project support officer from CSC is supporting a TA to deliver the Catch Up reading programme.

Support and coaching for staff in the teaching of guided group reading took place in September 2014

Appendix 3

Abercynon Community Primary School

The project aims for the intensive support in this school are -:

- To support teachers in raising standards in boys' writing at KS2
- To provide effective strategies for KS2 staff to support the development of writing skills
- To improve pupils' writing skills (particularly boys)
- To further develop teachers awareness of the importance of focused teaching of writing
- To support teachers in implementing teaching techniques that will impact on raising standards in boys' writing
- To ensure sustainability by training a school based Literacy Leader.

The network specialist for primary literacy in the targeted support team visited the school for a total of 3 days over 2 terms. This support is ongoing. Detailed notes of visit were completed which outlined activities completed.

A development officer from the literacy team has supported the school for a total of 1 ½ days . A further 3 days are planned for the summer term. It is envisaged that the school will embed the strategies currently being trialled, in the Autumn Term and CSC will provide any additional support required in the Spring Term 2015 following a literacy audit.

Penrhys Primary School

The project aims for this school were discussed with the system leader and acting Headteacher and were stated in the school's statement of action. The aims for the targeted team are -:

- To audit the current practice in the teaching of literacy, focusing on Y2
- To improve the literacy standards for identified pupils through effective intervention and support.

The strategic lead for literacy visited the school to complete an audit of current practice and to discuss the findings with the SLT. A Project Support Officer is visiting the school twice weekly to provide support and guidance to school based staff on providing effective literacy interventions in Y2. TAs have been trained in use of the Rapid Reading programme and are currently being trained in implementation of Rapid Writing.

The school will start the Success for All (SfA) programme in Autumn 2014

Appendix 3

Aberllechau Primary School

The strategic literacy lead visited the school to discuss the bespoke targeted support with a School Improvement Officer. On the request of the Headteacher the support was deferred until after their Estyn visit.

A joint visit with the system leader for the school has been scheduled for 24th June in order to agree a package of support which will form part of the PIAP. Literacy support will start in the Summer Term and continue until Spring 2015.

The support programme was drawn up by a CSC literacy officer in conjunction with an RCT officer and provides joint support focused on issues raised in the recent inspection.

The project aims are;

- To support two new members of staff in effective teaching of phonics and the development of early writing skills
- To support the literacy leader in introducing rubrics, marrying Pie Corbett and Sue Palmer methodology and monitoring progress across the school
- To train all staff in the teaching of Guided Group Reading (GGR)
- To support the literacy leader with implementing GGR across the school from Y2-Y6

Gwaunmeisgyn Primary School

The network specialist for primary literacy visited the school alongside a LiNKS colleague to deliver a bespoke inset package on the development of boys' literacy for all staff.

Parc Primary School

Writing in the Foundation Phase was identified as an area for development in an RCT literacy review. Following a visit by the system leader it was agreed to focus on developing the teaching and learning of phonics in the first instance with the focus moving to writing in the Foundation Phase. The network specialist for primary literacy visited the headteacher and literacy leader to discuss provision of a bespoke literacy support package.

The main aims are:

- To ensure there is a clear progression in phonics across FPh
- To improve phonological awareness/phonics skills of pupils.
- To ensure school based staff are confident to support the development of pupils' phonological awareness and phonics skills.
- To ensure pupil progress is tracked robustly and assessments impact planning and teaching.
- To support staff with teaching of early writing skills and writing across the curriculum in KS2

Appendix 3

To facilitate a whole school approach, two twilight INSET sessions took place in the summer term, with follow up support for Foundation Phase staff and the literacy leader to follow in the autumn and spring term.

An Outstanding Teacher of Literacy (OTL) is to support the implementation and organisation in nursery with the literacy leader supporting other staff.

Ynysboeth

The need for support was highlighted in a RCT review and forms part of the statement of action. The network specialist visited the school in conjunction with the system leader to discuss the bespoke literacy support package for the school. In light of the recent Estyn report and lesson observations undertaken by the system leader, two teachers were chosen to receive support which will follow a coaching model.

A summer term meeting took place between the network specialist and the literacy leader to discuss:

- intensive support programme and firm up planned activities and dates;
- the possibility of linking rubrics to LNF and
- to agree arrangements for a baseline writing assessment in year 2 and year 3-4 at the start of the autumn term

Pont Sion Norton

The system leader highlighted the need for support in the teaching of writing in both English and Welsh. The targeted support team is to provide the training in English and the Welsh team will provide the training in Welsh. A meeting between the system leader and headteacher is scheduled in the summer term to discuss the bespoke element of the literacy support package.

Following a visit to the school by the system leader, lesson observations and scrutiny of pupils' work demonstrated that there was no further need of support in relation to writing and teachers needed time to embed Big Write.

Ysgol Yr Eos

The system leader highlighted the need for support in the teaching of extended writing for more able and talented pupils, which was an issue highlighted in the school's recent Estyn report. A meeting between the system leader, literacy program manager and headteacher took place in the summer term to agree the bespoke element of the literacy support package which will centre around recommendations from Estyn regarding tracking and formative assessment.

The main aims are:

- to support the literacy leader in implementing 'Talk for Writing' across the curriculum

Appendix 3

- to ensure all staff are implementing 'Talk for Writing' in story telling in FPh and across the curriculum KS2 to raise standards in writing.
- to support staff in using rubrics to set success criteria and support children in self and peer assessment
- to ensure all staff are confident in teaching GGR effectively especially higher order reading skills.

Ty Gwyn PRU

Following the recent inspection, dialogue with the headteacher and scrutiny of data showed that the school required support with raising standards in literacy.

A new literacy leader is starting in September 2014 and a scoping visit is to be arranged to draw up a programme of support.

Glenboi

The system leader and strategic adviser for literacy undertook a joint scoping visit in September. A reading and writing audit are planned for October and these will be the starting point for any support programme.

St Michael's

The school has been offered a light support programme but the headteacher has yet to confirm.

Ynyshir

The school has been offered a medium support programme. A scoping visit is planned for September

Impact on provision and learners' standards (if appropriate)/Impact on leadership/inspection outcome

Rhiwgarn Infant School

- Evaluation forms were completed by the acting headteacher and all members of staff supported. Impact on provision was felt to be very good by all personnel involved.
- Baseline data using the Letters and Sounds assessment was undertaken and the end of project data will be collated at the end of the spring term.
- Lessons were observed by the headteacher and network specialist and individual feedback given. This showed that the training had impacted on provision. Staff are far more confident in the teaching of phonics and have a greater understanding of what pupils are expected to achieve.
- A review of impact was undertaken by the headteacher. (See separate report)
- There is now a robust tracking system in place. All children were assessed and data compared with the baseline. Impact was not as rapid as expected. The last note of visit and headteacher's review of impact details reasons for this.

Appendix 3

Abercynon Community Primary School

- Evaluation forms were completed by the headteacher and all members of staff supported. Impact on provision was felt to be very good by all personnel involved.
- Baseline data using the criterion scales was undertaken and the end of project data will be collated at the end of the spring term.
- Impact will also be assessed by analysing end of KS2 data for AT3.
- A review of impact showed that training had impacted on provision.
- Tracking of boys writing has shown improvement following implementation of strategies.
- Data shows that the gap between boys' and girls' writing levels at the end of KS2, which was an issue last year has closed, with no gender difference evident in writing levels.
- The gap between boys and girls writing in each year group is also narrowing, as effective practice embeds this should narrow further.

Year	3	-	End	of	Year	2	1a	End	of	year	3	2b	
Year	5	-	End	of	year	4	3c	End	of	year	5	3a	
Year	6	-	End	of	year	5	3a	End	of	year	6	4b	
* year	4	not	included	as	Mr	Davies	has	only	just	taken	over	the	class.

Penrhys Primary School

- Diagnostic baseline information was collected on the targeted children on the areas of –
 - Letter identification
 - Word reading
 - Writing vocabulary
 - Concepts of print
 - Hearing and recording sounds in words
- After the intervention period these areas will be tested to show impact on standards.

Analysis of Reading Performance May 2014

Background

- Statutory Welsh Government reading tests were conducted for the second time in May 2014 and all children received a standardised score.
- Standardised scores take account of the pupil's age in years and months giving an indication of how the learner is performing relative to other pupils of the same age.
- The average score is 100 but since the score is derived from one short test some margin of error is inevitable.
- Age-equivalent scores (or reading ages) were not reported in 2014 due to the great uncertainty about the validity of using reading ages as an accurate measurement of performance.

An analysis of standardised scores - May 2014

- Analysis was completed on all children who completed the test, including special schools but excluding the optional test results for Y3 pupils studying Welsh first language.
- The standardised score tables have been divided into six bands to indicate how the scores relate to the national population. This is in accordance with WG guidelines.
- The results are summarised below :

Appendix 4

Conclusions

- An analysis of the results shows that nearly 60% of the children who sat the reading tests across the region had a standardised score over 95.
- This figure demonstrates a decrease from the 2013 figure of 67.4%.
- This can be partly explained by the re-standardisation of the tests for this year following significant issues raised with NfER and WG after the 2013 tests.
