Reviews

One Review application was received in the period :-

Name of Applicant requesting Review	Name of Premises	Premises Licence Holder	Date of Hearing	Outcome
Licensing Authority in role as Responsible Authority	Newspoint 74, Commercial Street, Mountain Ash CF45 3PW	Mr. Sivayokan Nadarajah 54-56 Caerau Lane Ely Cardiff CF5 5HQ	N/A	Mediated by means of a Minor Variation to include conditions requested in the Review

The review was called by the Licensing Authority in its role as a Responsible Authority following information received from the authority's Youth Offending Service which identified that the premises had sold to an underage person, who in turn had proxy supplied alcohol to further underage individuals. The purpose of the Review application was to add additional conditions to assist the management in promoting the Licensing Objectives.

Following discussions with the applicant's representatives it was agreed that the conditions could be applied on the Premises licence by way of a Minor Variation application. The relevant application has been received and an amended licence in the process of being issued.

Appeals

There have been no appeals lodged or determined in the period.

4.5 Compliance & Enforcement

(i) Prosecutions/Infringements

Following an allegation that a Tonypany 'on-licensed' premises was breaching its Premises Licence by virtue of unauthorised 'off sales' of alcohol Licensing Enforcement Officers arranged for a test purchase to be undertaken to verify the same.

A test purchase of a 35cl bottle of Gin confirmed the illegal activity was indeed taking place. Officers noted that the inference of the advertisements for the unauthorised off sales appeared to target individuals who planned to journey onwards to Cardiff by train.

Following an investigation, the Premises Licence Holder and Designated Premises Supervisor both accepted formal Cautions in respect of offences under Section 136 of the Licensing Act 2003.

(ii) Test Purchasing

Officers of the Licensing Team have conducted a test purchase in a premises holding a club premises certificate following complaints concerning access to non members, the supply of alcohol and provision of entertainment beyond permitted hours. This Club Premises will be subject to an infringement report.

Licensing Officers have also conducted a test purchase at a takeaway premises in the Beddau area, as they identified that the premises was trading in the absence of the appropriate licence. This matter has been dealt with via a first stage warning letter.

Trading Standards Officers have conducted 35 test purchases using underage volunteers in the period. This resulted in underage sales at 3 off licensed premises. Two of the sales took place in the Rhondda area, the remaining sale was in the Taff area. An Infringement report will be submitted in respect of each illegal sale.

In addition, Trading Standards Officers have conducted an exercise using a 19 year old male volunteer checking for compliance with conditions relating to Challenge 21 / 25 Age Verification. During this exercise each of the 14 premises visited correctly challenged or refused to sell to the volunteer in the absence of his identification.

(iii) Premises Inspection & Infringements

45 premises in the Borough were inspected in the last period.

A summary of infringements arising from inspection is reproduced as **Appendix 1B**.

One of the most common infringements related to licensees not being able to produce their Premises Licence at the time of the inspection and a failure to display the Licence Summary. These matters were dealt with by means of a warning letter. Officers identified that a number of licensees failed to have the required documented staff training records or refusals books in place or failing to ensure records were kept up to date. Officers identified further infringements including a lack or malfunctioning CCTV, an absence of Door supervisors and in one instance an absent DPS. In the case of the latter, the licensee was required to cease alcohol sales until the matter was rectified.

(iv) **Complaints, Advice and Guidance**

Cynon Valley

In the September meeting of Cynon Valley Pub Watch, members undertook training in the use of a defibrillator prior to one being sited outside a licensed premises in Aberdare.

A meeting has been held with a private members club in the Aberdare area in order to give advice on changing from their club premises certificate to a premises license and the application is awaited.

Following a premises inspection at premises in Aberaman, it was found that there had been major alterations to the premises. Officers ensured that the required full variation application was submitted.

A named Designated Premises Supervisor at a premises in Aberaman was found to be absent and therefore not to be in day to day control of the premises following a premises inspection. This has resulted in an application being received to vary the designated premises supervisor.

As detailed in the July 2016 report, advice was provided to a prospective licensee regarding a premises reopening in Cwmbach. Following a visit to the premises, officers established that there had been major alterations to the premises, which has subsequently resulted in a full variation application being received.

Following a visit to a premises in Abernant, it was noted that some alteration had been made to the premises and a minor variation application has been submitted.

Following a report being received from the Fire Officer regarding the condition of a premises in Trecynon, officers conducted a premises inspection. At the time of the inspection, it was noted that the premises complied with its conditions under the Licensing Act 2003.

Licensing Officers have assisted in the setting up of a new pub watch in the Mountain Ash area. The first meeting was held at the club premises of Mountain Ash Rugby club. The pubwatch will include licensees from 'On licensed', Club Premises and Off licences. To date 12 premises have agreed to join the pubwatch scheme.

Premises which failed to attend the pubwatch meeting have been visited by Officers to encourage greater participation.

Rhondda

Following a complaint received from a local resident, a meeting was arranged with Police Licensing and committee members of a Workingman's Club in Porth. CCTV was viewed and advice given but no further action was necessary.

A meeting was arranged with the committee and trustees at a local Miners Institute to discuss how best to promote their facilities within the confines of a Club Premises Certificate (CPC) and the possibility of applying for a premises licence.

Officers took part in a meeting with Police Licensing, ASB Officers, local PCSO's and licensee at an Ystrad Club to discuss a complaint from a local resident alleging homophobic abuse from club members. It was disclosed at the meeting that the premises was no longer operating as a Club and a Closure Notice was subsequently issued. A Full Variation for a Premises Licence application has since been received. Officers will continue to liaise with South Wales Police regarding the concerns of the local resident.

Following reports of anti social behaviour arising from patrons of a late night venue in Pentre. The Licensee has agreed to install shutters on the home of the complainant to help prevent nuisance arising.

Taff Area

An application was received for a new premises license in Taff Street Pontypridd. Following a number of representations from Responsible Authorities and Interested Parties, the application was withdrawn.

Officers have worked closely with Victim Support Officers to install noise monitoring equipment at a Llantrisant resident's home following Music and patron noise complaints. Officers have met with the Licensee of the premises allegedly the cause of the complaint to provide suitable advice.

Officers have met with a club premises in Taffs Well to discuss the possibility and benefits of applying for a Premises Licence.

Several breaches of licence were identified at a licensed late night refreshment establishment in Pontypridd. Following advice, the licensee has since submitted an application for a full variation.

Licensing Officers have assisted in setting up a new Pubwatch in the Pontyclun area. Whilst still in its infancy the meetings will give Officers from the Licensing Authority and Police the opportunity to provide advice and guidance to licensees.

(iv) Community Alcohol Partnership (CAP) - Porth

Officers of the Community Safety Partnership, Licensing, Trading Standards in partnership with South Wales Police have secured funding from The Community Alcohol Partnership to tackle the issue of underage drinking in the area. The partnership involves local residents, alcohol outlets and young people.

Community Alcohol Partnership (CAP) activity will always be locally determined but will generally encourage and include a focus on education, enforcement, public perception, communication, diversionary

activity and evaluation. The Funding secured will assist the partners in delivering within these core areas.

Education is key to raising awareness about the law relating to young people and alcohol and the impact of underage alcohol consumption on individuals and society. CAP encourages education of young people, adults and retailers.

An essential part of CAP involves enforcement of the laws relating to young people and alcohol including purchase of alcohol by under 18s, sale to under 18s, drinking by under 18s in public places and proxy or agent purchase. Compliance testing is an integral part of any CAP and usually takes place several times in the life of a CAP to provide benchmarking activity and monitor the success, or otherwise, of retailer training.

It is important that where schemes are successful in reducing crime and anti-social behaviour in a designated area, local people feel safer as a result. Surveys of residents in Porth will be carried out prior to and after the pilot phase are a good way to gauge any changes in public opinion.

CAP has developed a range of materials which can be adapted as required to suit the needs of local schemes in this instance Porth. Schemes are encouraged to make use of these communication tools and to make use also of local radio, local press, social networking media, residents' meetings etc - to try and ensure that the community understands CAP and is fully engaged and involved.

It is hoped the funding can provide a range of activities for young people to ensure that young people have fun and have healthy things to do that do not involve alcohol. Diversionary activities in other areas have included provision of sports using existing leisure and sports facilities, using youth clubs or "Youth buses" and local cafes to provide opportunities for young people to drop in and meet in a supervised, safe environment.

Evaluation is a mandatory part of each CAP scheme. Examples of evaluated data includes local crime and anti-social behaviour statistics, levels of alcohol-related litter, hotspot drinking areas, complaints and incidents reported to partner agencies, ambulance pick-ups for underage alcohol related incidents, hospital admission for under 18s and public perception surveys. The measurement of progress throughout the pilot allows the management team to monitor effectiveness of the action plan activities, and provides firm data for final evaluation.

The Launch of the Porth CAP Project will take place at 'The Factory' in Porth on the 15th November 2016, which also coincides with Alcohol Awareness Week. An update on the scheme will be provided for Members in future reports.

4.6 Recovery of Annual Fees

Officers continue to monitor the payment of annual licence fees as set out in the Licensing Act 2003. Should the appropriate fee not be paid by the specified date, Officers will chase the licensee and will if required utilise the power of suspension if required. Licensing Enforcement Officers received a complaint concerning the siting of two illegal Gaming machines in an off licence premises in the Treorchy area. Officers attended the premises and confirmed that the machines were illegally sited. The Licensee of the premises removed the machines with immediate effect and was provided with suitable advice. The matter was reported to the Gambling Commission for their information.

Officers have visited a licensed premises in Treforest to provide advice concerning illegal gambling in licensed premises, following a referral from the Gambling Commission. The Licensee denied the allegations attributed to the Premises. Officers provided written advice and guidance concerning Gambling in pubs and will monitor the premises for further complaints.

5.3 Recovery of Annual Fees

As a result of the static nature of the trade, there is little change to the position, where 100% recovery of annual fees is the standard, primarily due to the robust provisions contained within the legislation which allow for withdrawal of the licence/permit for non-payment of appropriate fees.
