

APPLICATION NO: 13/0841/10 (MF)
APPLICANT: Mrs A Ball
DEVELOPMENT: Erection of a single storey extension to the rear.
LOCATION: 16 JEFFREY STREET, CAEGARW, MOUNTAIN ASH,
CF45 4BS
DATE REGISTERED: 30/08/2013
ELECTORAL DIVISION: Mountain Ash East

RECOMMENDATION: Approve

REASONS:

The application is considered to comply with the relevant policies of the Local Development Plan in respect of its visual impact and the impact it has upon the amenity and privacy of the neighbouring residential properties.

APPLICATION DETAILS

Full planning permission is sought for the construction of a single storey extension to the rear of 16 Jeffrey Street, Mountain Ash.

The 'L' shape extension would have a maximum depth of 6.3m and a maximum width 6.5m which would both reduce to 3.5m and 2m respectively in order to wrap around the existing two storey annex to the rear of the dwelling. The extension would incorporate a pitched roof design to 3.3m and would accommodate a kitchen/diner and a W.C. It is proposed the addition be finished in external materials to match the original dwelling.

SITE APPRAISAL

The application property is a traditional end of terraced dwelling located within a residential area of Mountain Ash. External materials are stone to the front, render to the side and rear, concrete roof tiles, and white uPVC windows and doors. The dwelling fronts the footway with a pedestrian access sited to the southern side that leads to an enclosed garden at the rear. A two storey annex is sited here. Neighbouring properties are of a comparable design and scale with a large number having extensions of varying design and scale.

PLANNING HISTORY

No previous planning applications have been submitted at the application site within the last 10 years.

PUBLICITY

The application has been advertised by means of direct neighbour notification. Two letters of objection have been received from the occupiers of the adjoining and adjacent properties, no.s 15 and 17 Jeffrey Street making the following comments (summarised):

- The extension would overshadow no.s 15 and 17 Jeffrey Street.
- The extension would obstruct views from the rear of no. 17 Jeffrey Street.
- The extension would result in the devaluation of the neighbouring properties.

CONSULTATION

None undertaken.

POLICY CONTEXT

Rhondda Cynon Taf Local Development Plan

The application site lies within the settlement boundary for Mountain Ash, but is not allocated for any specific purpose.

Policy AW5 – sets out criteria for new development in relation to amenity and accessibility.

Policy AW6 – requires development to involve a high quality design and to make a positive contribution to place making, including landscaping.

National Guidance

In the determination of planning applications regard should also be given to the requirements of National Planning Policy which are not duplicated in the Local Development Plan, particularly where national planning policy provides a more up to date and comprehensive policy on certain topics.

Planning Policy Wales Chapter 4 (Planning for Sustainability), sets out the Welsh Government's policy on planning issues relevant to the determination of the application.

REASONS FOR REACHING THE RECOMMENDATION

Section 38(6) of the Planning and Compulsory Purchase Act 2004 requires that, if regard is to be had to the development plan for the purposes of any determination to be made under the Planning Acts, the determination must be made in accordance with the plan unless material considerations indicate otherwise.

Furthermore, applications that are not in accordance with relevant policies in the plan should not be allowed, unless material considerations justify the grant of planning permission.

The principle of the proposed development

The application relates to the extension of an existing residential property. As such, it is considered that in principle, the proposal is acceptable, subject to the following criteria:

Visual Impact

The proposed extension is in accordance with local plan policy, its overall scale, design and appearance is sympathetic to the main dwelling and the use of appropriate materials will ensure it is not overly prominent within the locality. It is therefore considered the addition would have no adverse impact on the character and appearance of the existing property or upon the surrounding locality.

Residential Amenity

With regard to residential amenity, a set of bi-folding doors would be sited in the rear elevation of the extension that would overlook the rear amenity space of the application site only. Therefore, it is not considered the extension would lead to any further harmful loss of privacy in comparison to the existing arrangement at the site. Furthermore, being of a single storey nature, it is not considered the proposal would have any undue overshadowing or overbearing impact upon the neighbouring properties. The application is therefore considered acceptable in this regard.

Other Issues

The objectors have raised concerns regarding a loss of views from their properties and have noted that the proposed extension may have a detrimental impact upon the value of their properties. These are not material planning considerations and should not therefore be taken into account during the determination of this application.

Conclusion

It is not considered the proposal would have a significant impact on the character and appearance of the locality or upon the residential amenity of the surrounding neighbouring properties. As such, the application is considered to comply with the relevant policies of the Local Development Plan (Policies AW5 and AW6).

RECOMMENDATION: Grant

1. The development hereby permitted shall be begun before the expiration of five years from the date of this permission.

Reason: To comply with Sections 91 and 93 of the Town and Country Planning Act 1990.

2. The external materials of the proposed extension shall match as near as possible the materials of the original dwelling house.

Reason: To ensure that the extension is in keeping with the existing building in the interests of visual amenity in accordance with policies AW5 and AW6 of the Rhondda Cynon Taf Local Development Plan.
