## **Explanatory Note**

1. Improving the quality of education and raising standards is one of the Council's main priorities. It is considered that improving standards and educational outcomes for some of our most vulnerable learners will improve their life chances, access to the world of work and other education pathways. Ensuring that our support classes are well matched to the needs of learners is important in helping them to make progress.
2. Whilst the quality of LSCs in Rhondda Cynon Taf is good, there is a need to modernise and develop the type of LSCs to increase opportunities for mainstream inclusion and to further improve results for vulnerable groups of learners.
3. There is a need to expand Early Years provision in the Local Authority to meet the needs of Early Years pupils with emerging ALN.
