'What Matters to Me Now' Roadshow 2021 with People First

Cwm Taf People First are meeting up with individuals with learning disabilities.

There will be two face-to-face workshops in Aberdare and Ystrad next week and one online.

These workshops will let people with learning disabilities to talk about what matters to them.

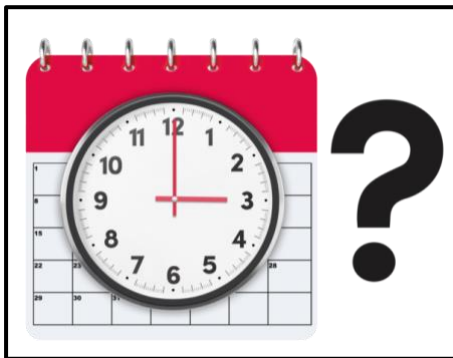

The first workshop will use pictures to find out about the things that are important to people with learning disabilities.

The second workshop will use film to record the good things and the not-so-good things that have happened to them during the pandemic.

The third workshop will listen to people's views on the current daytime opportunities.

Friday, August 20 – Zoom online event.

Last month, Cabinet agreed to let us spend more time talking to local people so we can make a new day opportunities plan.

The purpose is to create future plans for investment that will improve the services available to people.

To do this we are launching our 'My Day My Way' website in early September 2021. This is part of our Let's Talk initiative, so people can learn more and share their ideas for the future of our services.
