NB - if there is a question of where a service/agency fits in terms of priority then a decision will be reached by the relevant training officer and/or workforce development manager prior to confirming.

Course 2

Referrals course

This course will meet some of the criteria of the National safeguarding training, learning and development standards for Group C and Group D practitioners

You must complete the awareness course before starting this course.

This course is primarily designed for Designated Safeguarding Leads (DSL), Prevent professionals or equivalent roles who make Prevent referrals. If that responsibility is a part of your job role, regardless of your job title, then this course is for you.

This course is also for anyone who may need to make a Prevent referral and those who might spot a concern and share it with their DSL or an equivalent so that they can make a referral to the police.

Course overview - Referrals course

This course builds on the awareness course and will explain how to make a Prevent referral that is both informed and with good intention.

When you have completed this course, you will be able to:

- describe what a Prevent referral is
- identify the difference between an assumption, assertion and an alternative explanation
- gather information and decide who to speak to, to validate concerns
- understand when it's suitable to make a Prevent referral

You can share this training with others by sending this link:
