Dear Sir / Madam,

**Proposed Prohibition of Waiting At Any Time Restrictions and Amended Restrictions - Various Roads Cwmbach**

As you may be aware, the council has previously consulted on Proposed Prohibition of Waiting At Any Time restrictions and Amended restrictions in Various Roads Cwmbach in response to concerns over obstructive and dangerous parking.

The residents consultation highlighted additional requests for residents parking, one way traffic and other matters which would require significant funding to alter the layout of the highway. There are no plans to take those additional requests forward within this proposal. However, the maintenance issues have been reported to the appropriate department.

Details of the proposals are shown on the attached drawing T2015/14/1 and can also be viewed at [www.rctcbc.gov.uk/traffic](http://www.rctcbc.gov.uk/traffic)

The next stage is a period of Public Notice of the proposals, where details of the scheme are advertised to provide opportunity for members of the public to formally raise any comments they may have. If you wish to comment on the proposals, you should do so in writing by 09/02/2017, to the Traffic Services Manager, Traffic Management, Sardis House, Sardis Road, Pontypridd, CF37 1DU or alternatively by email at [trafficservices@rctcbc.gov.uk](mailto:trafficservices@rctcbc.gov.uk)

I have also attached for information a list of frequently asked questions common to schemes of this nature which you may find helpful when considering the proposal. Finally, your comments are important to us and whether you support or object to the proposals your response will assist the Council in making its final decision as to whether to proceed with the scheme or not.

I trust the above is of assistance, however if you require any further information please do not hesitate to contact me.

Yours faithfully
