Dear Sir / Madam

Re: Cwmaman Safe Routes in Community – 20mph Speed Limit and Traffic Calming Measures, Glanaman Road, Cwmaman.

As part of the agreement for the construction of the new school within the community of Cwmaman, the Planning permission included conditions to the school development for the creation of safe walking routes to and from the school for the local community.

To improve the safety for the school users, it has been proposed that a 20 mph speed limit be introduced in front of the proposed school within Glanaman Road. Within this area, traffic calming measures are to be implemented including speed humps, speed tables and parking restrictions. Along with these improvements, the width of the southern footway is to be increased from 1.0m to 1.8m.

Details of the proposals are shown on the attached drawing P066/114. You may also wish to view the proposals at www.rctcbc.gov.uk/traffic

I shall be pleased to receive your observations on this proposal and for your convenience, a pro forma and postage paid addressed envelope is enclosed. Alternatively you may wish to respond by e-mail to trafficservices@rctcbc.gov.uk Responses should be returned to me with your observations by 30/03/2018

Your comments are important to us and will help the Council in its decision making process. Any comments received will help us decide whether to make changes to the proposals and all observations relating to the scheme will be taken into consideration, however the Council will make no formal response to your comments at this stage.

I trust the above is of assistance but should you require further information, please do not hesitate to contact me.

Yours Sincerely,

Kirpal Singh
