Dear Sir / Madam

**RE: PROPOSED PUFFIN CONTROLLED CROSSING
A4233 – TREBANOG ROAD, CYMMER**

In response to concerns that have been raised over a number of years by Local Members and the wider community in respect to pedestrians experiencing difficulty with safely crossing Trebanog Road in the vicinity of the former Thai Elephant restaurant, the Council have developed proposals to introduce a puffin Controlled pedestrian crossing.

It is considered that the proposed crossing will provide a safe means by which to cross the road for children going to and or from school as well as the wider community.

There is a well-established pedestrian route using the informal uncontrolled crossing point directly fronting the Thai Elephant, therefore it is proposed to locate the new crossing on the same alignment.

The proposals are shown on the attached drawing **P099 / G-12-1**.

The next stage is a period of Public Notice of the proposals, where details of the scheme are advertised to provide opportunity for members of the public to formally raise any concerns they may have. If you wish to object to the proposals, you should do so in writing by **27th July 2018**, to the Traffic Manager, Traffic Management, Sardis House, Sardis Road, Pontypridd, CF37 1DU or alternatively by email at trafficservices@rctcbc.gov.uk For further information on the scheme, visit www.rctcbc.gov.uk/traffic

Yours faithfully
