Dear Sir / Madam

**RE: PROPOSED RAISED ZEBRA CROSSING
PARK VIEW TERRACE, ABERCWMBOL.**

In response to concerns raised over a number of years by Local Members as well as the wider community in respect to vehicles travelling at excessive speeds along the B4275, it is proposed to raise the existing zebra crossing located at the junction with Cromer Street so that it will be located on a road hump.

It is considered that the proposed raised zebra controlled crossing will provide a safe means by which to cross the road for children going to and or from school as well as the wider community.

The proposals will also see the removal of the back to back kerb arrangement which pedestrians currently have to step over to gain access to the crossing. This change will ensure the crossing is available for all users including those with limited mobility.

The proposals are shown on the attached drawing **P100 / G-12-1**.

The next stage is a period of Public Notice of the proposals, where details of the scheme are advertised to provide opportunity for members of the public to formally raise any concerns they may have. If you wish to object to the proposals, you should do so in writing by **27th July 2018**, to the Traffic Manager, Traffic Management, Sardis House, Sardis Road, Pontypridd, CF37 1DU or alternatively by email at trafficservices@rctcbc.gov.uk For further information on the scheme, visit www.rctcbc.gov.uk/traffic

Yours faithfully
