Subject: Rhondda Cynon Taf Community Infrastructure Levy

Conscious that it's late, I don't suppose I could still make the following representations.

My only real comment on this is about my concerns at Tonyrefail being moved from Zone 3 to Zone 2 and the effect that this could have on residents etc.

I'm also slightly concerned regarding a perceived lack of scrutiny, and would ask that these proposals be looked at again to allay residential concerns

Thanks
