Please state which group/organisation

Q6.Is there any reason why you don't use Paths & Open Spaces in Rhondda Cynon Taf (RCT)?

Q7.Do you ever use outside spaces or paths outside of RCT?

☐ No

☐ Yes

Where and for what types of activity?

## THEMES FROM THE DRAFT PLAN

Q8.People have said that the countryside of Rhondda Cynon Taf is an asset and should be used to promote tourism and regeneration as well as health and recreation. **What do you think?**

Q9.**What do you think of walking and cycling as transport options?** Welsh Government is keen to promote 'Active Travel' not just for fun and recreation but for everyday journeys. We have a good network of 'community routes' like the Taff Trail and the Church village bypass path. **Do you use these routes? Would you like to walk or cycle more instead of driving?**

Q10.Protect the access resource: We have legal responsibilities to look after public rights of way (footpaths, bridleways etc.) and that includes taking enforcement action when paths are blocked. We can also use policies and work with others to protect all the different access opportunities that exist in RCT. **What do you think?**

Q11.Improve provision for walkers, cyclists, horse riders, off road vehicles and users with mobility or sensory disabilities: This is the biggest challenge because there is not much public money available for new projects. The priorities are likely to be driven by funding bodies and we will need to be creative to make the most of any funding opportunities.

**What do you think the priorities should be?**

**Q12.What do you think about involving local community and voluntary organisations in the development, promotion and use of access opportunities:** In the earlier consultations, some people said they wanted to be more involved in their local greenspace, in developing ideas in their local community. **Is this something you might want to be involved in?**

**Q13.**We have legal duties to manage Rights of Way work and we are proposing to develop a series of policies and guidance notes that set out how we will do that work. **Is this something you would be interested in? or have any suggestions?**

**Q14.Is there anything else you think we should be including into our Rights of Way Improvement Plan?**

**Q15.**Would you like more information about...

	Yes	No
The Rights of Way Improvement Plan (ROWIP)?	<input type="checkbox"/>	<input type="checkbox"/>
