

# Blandy Jenkins Archers

The club worked hard throughout lockdown to stay open. After restrictions eased they held an 'Have a Go' day with the support of Archery GB. The aim of the day was to recruit new members and raise funds. The day was enjoyed by many, despite a few rain showers and it boosted their club membership and beginners courses dramatically.

Club chairman, Simon Carter was recognised for his efforts by Archery GB. The club was also shortlisted for the Archery GB Toxophilus Trophy, which recognises clubs that have shown exemplary support to archers, exceptional member engagement and have worked hard to develop archery as a whole. The club was named as Runner Up.
