

## Ferndale RFC Mini and Juniors

Ferndale RFC Mini and Juniors have had an influx of players this season! They believe this is down to their consistency with regular training, their passionate coaches, and a reputation for well-behaved children.

The club's aim is to ensure they do all they can to offer safe, fun, consistent extra-curricular activity for children. They also work hard to be much more than just a sports club. They are a family, that supports their community on and off the pitch! During the autumn internationals they organised a trip to the Principality Stadium, which for many of the children, was their first opportunity to see Wales play.

With families struggling financially due to the current cost of living crisis, the club have provided players this season with free kit and bags. The club also run a boot recycling scheme, which is very popular as it helps to reduce the cost of sport for families.
