PENYGRAIG RFC LADIES

This year, a Ladies team was established at Penygraig RFC for the first time in over 140 years.

The team have more than 25 players registered, with lots of girls that are new to rugby joining other more experienced players who have returned to the game. With the club's support, they have been very busy fundraising to pay for training and playing kit.

They are currently in the Development stage with the WRU, needing to play 10 friendly games this season in order to qualify into a competitive league next season. Their first friendly was a great success, with a 48-0 win at home.
