## YGG YNYSWEN

YGG Ynyswen leaders founded a mixed netball club back in 2022, and this year it has gone from strength to strength. The team train weekly, with an increasing number of boys taking part.

Earlier this year they travelled to Aberystwyth to compete in the Urdd National tournament. The team worked hard to raise money for the trip by holding a competitive game with former pupils, staff and parents. They also did local fundraising around Treorchy, raising awareness of the team's success and gaining local support.

The schools leaders have shown tremendous dedication to the club and deserve lots of credit. All of the children involved have loved learning new skills and improving their teamwork.
