# BODRINGALLT PRIMARY SCHOOL

Before this year Bodringallt Primary School had seen no netball take place at the school for over 20 years. The headteacher was determined to change this so he set out to start a club, with the aim of developing a competitive team that could represent the schools at tournaments and events.

He asked for donations, hunted high and low for equipment and sought out a coach. Ysgol Nantgwyn kindly donated two netball posts, and after a successful school fund application we funded some bibs, balls and other bits of equipment. Last but not least, he found a member of staff willing to run a lunchtime club every Thursday!

The school team competed in their first ever Cluster Netball Tournament at the start of November, after just 8 weeks of training! They played five matches and performed brilliantly, which was a joy for the teachers to see! The young people loved taking part and they cannot wait for the next tournament!
