

Rhondda Table Tennis

Rhondda Table Tennis Club play at Rhondda Sports Centre in Ystrad. Like most clubs, they were significantly affected by the pandemic. Rhondda Sport Centre has been used as a vaccination centre so their restart to training was complicated. Since returning to training their club has grown and they have added a second training night for beginners. They have 25 junior members and they are all progressing really well. Their next aim is to improve their training equipment so that they can accommodate more beginners.
