FERNDALE ATHLETIC FC

Ferndale Athletic celebrated the end of the 2022/23 season with their first ever Parents Vs Kids match. Following that, they set about preparing for the 2023/24 season, and their aim was to provide more opportunities for children in and around their local community.

In the space of five months, the club's volunteers worked hard to establish four new age groups. They now have seven teams: ranging from their new Under 6's to their Men's Senior team.

The club have recently benefitted from the upgraded 3G facility at Darran Park. Next year, they hope to develop new opportunities for Women and Girls football.
