Madison, Millie, Evan, and Connor Gelli Primary School

Madison, Millie, Evan, and Connor are Young Ambassadors from Gelli Primary School. They have been implementing their project to improve fundamental movement skills in 3 sports in school. They consulted with their peers and designed this project, and then pitched the idea for the Dragons on our Dragons Den event. One of our community coaches has been mentoring them weekly to improve their skills and confidence and we are proud to see how far they have come.

"We've really loved being young ambassadors this year because it's been super fun and kept us really active! We got to teach loads of games to the other kids and it made playtimes way more exciting."

"Working with Gazza has been brill – he's helped us learn how to be proper good leaders. He's funny too! It's made us feel more confident and now some of us even go to netball and football clubs for the school, which we didn't before."

"We'd love to carry on being ambassadors because it's fun showing other people how to play and helping them get involved. We feel proud when we see everyone joining in and having a laugh."
