Chwaraeon RhCT
Sport RCT

Rhondda Dragons Dodgeball

Aim:

The club had been running for 5 years with only adult members. They wanted to establish a junior section to allow children to play dodgeball!

What/How:

- Club completed Sport RCT Club Accreditation.
- We met to discuss the support required and created a plan together.
- We supported the club to access funding to start the junior section.
- We supported the club to establish link with local schools.
- We supported the club with marketing materials and online promotion.
- The club delivered school based tasters and a dodgeball tournament.

Impact:

- Club received £770 from the Sport Wales BeActive Wales Fund, for new equipment, coach education and facility hire.
- School club links established with 18 schools.
- 47 new junior members.
- Established new junior section at club for 6-12 year olds.

“For the first couple of months, we were getting a handful of regulars, but everything really started to take off once we partnered with Sport RCT who helped coordinate dodgeball taster sessions in the local primary schools. They were really popular and now we have over 20 regulars turning up for our club every Monday.”
