“A very positive experience of sport that helped me to feel included and that I could contribute. A personal challenge that I was supported to meet.”

“Perfect transition from university and into the sector and future employment opportunities in sport. The qualifications were delivered by tutors with excellent knowledge and experience. There was a perfect balance of practical and theory sessions.”

“The course has had many positive aspects for me personally. The main one probably is meeting new people, being part of a team with a group of different people.”
