

TONY WILLIAMS

TREORCHY PICKLEBALL CLUB

During the pandemic, a small group of badminton players started playing Pickleball outdoors as a way to stay active. Tony arranged to use a local tennis club, and delivered the sessions, teaching the group how to play. The group soon found a love for the sport and Treorchy Pickleball club was born. Tony runs the club, who now have 20 regular members aged 16-76. They meet once a week and play competitively at national and international events.

Tony travels from Talbot Green to Treorchy to set up and deliver the sessions each week.

He handles all club admin, organising competitions, and is always welcoming and patient with new members. He is very friendly and approachable and works hard to grow the sport of Pickleball locally and across Wales.
