

LINDSAY DAVIES

DARE VALLEY FLYERS NETBALL

Through hard work and determination Lindsay started this brand new netball club from scratch in January. She managed all aspects including governance documents, volunteer and player recruitment, sponsorship, and funding. In a short time Lindsay had recruited a committee, secured two grants and countless sponsors, upskilled 5 volunteer coaches and now the club boasts over 60 children aged 7-16 that are playing weekly.

As chairperson, Lindsay dedicates countless hours every week to manage the club, as well as striving to continue improving and growing. She has put plans in place for the junior age groups to compete in a competitive league, for the first time, to continue their development and she has established strong links with the community. The club recently held it's first ever celebration night which was a fantastic evening to celebrate the club's success which is due in no small part to Lindsay's hard work.
