

BRAD CARTER

RHONDDA SCUBA DIVERS CLUB

Brad holds three volunteer positions at Rhondda Scuba Divers Club. As Training Officer Brad is responsible for all training carried out, whether that is teaching new members to dive or progressing qualified divers. As an Advanced Instructor Brad allows the club to provide more opportunities for members to learn new skills. He is always keen for members to progress with their recreational and/or technical diving. As Diving Officer, he ensures that all divers adhere to safe diving practices when diving.

Brad also books and co-ordinates the majority of the club's dive trips, booking boats, accommodation, evening meals and is the contact between the club and the boat skippers when it comes to choosing suitable dive sites for those attending. Since joining the club and committee several years ago the club has gone from strength to strength largely thanks to his commitment.
