

CERI MORGAN

Ceri began playing for Porth RFC during the 1980's, spending many years on the field. After retiring from playing, he continued to support the club whenever possible. Around 15 years ago, he joined the committee as a funding officer, securing money for projects that have brought significant improvements throughout the club. His ongoing search for funding keeps him busy. Ceri is also involved with the Mini & Junior section, where his grandchildren play, and supports the teams as a qualified first aider for the team. The club works with various organisations to give back to the community, and Ceri plays an active role in this.

Ceri also established the Porth Harlequins walking group, 'One Step Beyond'. The group meets every Sunday morning at the clubhouse, to walk routes of 3-8 miles. Ceri has gained a leadership qualifications to help keep everyone safe and promotes the group locally to encourage more people to take part.
