

JON BUNYAN

Jon is a highly respected figure within the Welsh basketball community and the driving force behind Pontypridd Panthers Basketball Club. Since establishing the club in 2011, Jon has dedicated countless volunteer hours to developing grassroots basketball and creating opportunities for young people in the Pontypridd area.

Starting from a primary school initiative involving eight local schools, the club has grown into a thriving community organisation with more than 100 players ranging from under 10's to seniors.

Under Jon's leadership, the Panthers have consistently achieved success, with players regularly representing Wales and some progressing to Great Britain level and Division 1 university basketball in the USA. Alongside coaching, Jon actively develops referees, coaches, and table officials to support the long-term growth of basketball locally. His passion, leadership, and commitment have made a lasting impact on both the sport and the wider community.
