Education Brochure

Award-winning educational sessions at
an award-winning family attraction & museum, located
on the site of the former Lewis Merthyr Colliery

“Learn as you explore an epic international story
that unfolded right here on our doorsteps.”

Sandford Award Winners 2019

"The activities, interpretation and facilities at the Welsh Mining Experience are of a very high quality. The learning team provides an outstanding learning experience that delivers both an in depth understanding of the science and history of the coal industry of the Rhondda Valley and a deeply moving insight into life underground and the wider social and political issues that affected the community.

The learning programme also has the capacity to reinforce local children's sense of their roles as global citizens and their community's important contribution to the world."

Welcome to the Welsh Mining Experience at Rhondda Heritage Park

What better place to inspire learning than an iconic location where the brave efforts of miners powered global industry?

Our practical and interactive sessions follow the Curriculum for Wales and the four purposes that can be adapted to suit all ages and learning needs. Sessions can be mixed and matched to guarantee a fascinating, educational and fun day out.

We would be delighted to work with you to tailor your visit around the needs of your group. Mix and match activities to suit and do as many as you like!

If you need help to get the best out of your visit, please contact us and we can create a bespoke itinerary for you.

We offer free preview visits for teachers and can deliver any of our facilitated workshops (with the exception of the tour, and craft) in your classroom.
